---

**The Subdivision by Plan is APPROVED on June 11, 2020, subject to the following conditions:**

1. that the final plan of survey shall conform to the attached revised tentative plan; and
2. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

Enclosure I is an attachment of the major advisements throughout the subdivision process. Enclosure II is a map of the subdivision and identifies major conditions and advisements of this approval.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton. An appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

The Subdivision Authority did not receive comments from adjacent landowners. The application complies with the regulations set out in the Edmonton Zoning Bylaw, the land is serviceable, and the proposal advances a more compact urban form. The Subdivision Authority is of the opinion, after considering factors set out in Section 7 of the Subdivision and Development Regulation, that the land is suitable for the purpose for which the subdivision is intended.

Regards,

Blair McDowell  
Subdivision Authority

Enclosure(s)

Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$686.00 - 2020 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

- Upon submission of a development permit application the owner/applicant will be required to ensure that the existing access meets current City of Edmonton standards and access upgrading may be required.

Building / Site

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

Servicing

- The owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Real Estate Division [Rights of Way] 780-508-2456), ATCO Gas (780-424-5222), and EPCOR Drainage Services (Water and Sewer Servicing 780-496-5444).
- The existing services (water and sanitary) enter the proposed subdivision approximately 11.3 m north of the south property line of existing Lot 17 off 109A Street NW. As per the EPCOR Drainage Services Bylaw and the EPCOR Water Services and Wastewater Treatment Bylaw, these services cannot cross the proposed property line.
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).
