The City may discipline an employee for just cause. Investigations into disciplinary infractions shall be conducted as expeditiously as possible.

Copies of all disciplinary reports shall be provided to the Union, indicating clearly the exact nature of the matter. Should the infraction investigation require more than 30 working days, the employee will be advised through a Notice of Investigation. All Notices of Investigation shall be copied to the Union.

Should the Union or the employee be of the opinion that any disciplinary action is improper, then that disciplinary action may be the subject of a grievance and such grievance shall be processed in accordance with the grievance procedure of this Agreement.

In recognition of facilitating aspects of the Working Relationship Agreement (WRA), wherever practicable, the employee shall be advised of this entitlement by the City in advance of the meeting.

For operators not working an 8-hour shift, who are required to serve a suspension, work days may be adjusted for operational reasons.

5 Union Security

5.01 Recognition

The City recognizes the Union as the sole collective bargaining agent in all matters pertaining to wages, hours of work, fringe benefits and working conditions covered by this Agreement for all employees.

The parties hereby agree to negotiate with each other concerning matters covered by this Agreement affecting the relationship between the parties, aiming toward a peaceful and amicable settlement of any differences that may arise between them.

5.02 Check-Off of Union Dues

The City agrees to deduct, from the wages of all employees covered by this Agreement, union dues as shall be decided by the Union, subject to the provision that the dues are in the form of a standard formula or standard dollar value for all employees in the bargaining unit. These deductions shall commence on the first day of a pay period and shall be forwarded to the Union at the end of each pay period, together with a list of employees from whom deductions have been made. The Union shall provide the City with written notification of any alteration of the dues structure at least 30 calendar days in advance and implementation shall be within the said 30 day notice.

5.03 Conformity to the Labour Relations Code

If there is any conflict between the provisions of this Agreement and the Labour Relations Code, to the extent of such conflict, the Labour Relations Code shall prevail.

5.04 Names and Addresses of Union Representatives

The Union shall inform the City in writing as to the names and addresses of its officers, negotiating committee members, shop stewards and any other persons who are authorized representatives of the Union in matters which are appropriate under the provisions of this Agreement. The Union shall also inform the City in writing of any changes to such list of names.

5.05 Employee Telephone Numbers and Addresses

The City shall provide the Union with a list of employee names, telephone numbers and addresses in June and December each year, or as mutually agreed by the parties. This information is provided with the mutual understanding that the Union will use such personal information for the express purpose of carrying out the Union's responsibilities as the exclusive agent of employees covered by this Agreement, as these responsibilities relate to their members' employment relationship with the City of Edmonton.

The Union shall take all reasonable steps to store and manage this information to prevent its use in a way that is not authorized by this collective agreement and/or applicable privacy legislation.

5.06 No Discrimination

There shall be no discrimination against any employee by virtue of his being or performing his duty as a member of the Union.

5.07 New Employee Orientation

The City will provide an opportunity for a Union Officer to meet new employees for an orientation session, at a time and duration agreeable to the Union and the City.

6 Working Conditions

6.01 Hours of Work - Regular Operators

- a) Hours of work schedules shall be based on either:
 - ♦ a 5 day work week, 40 hours per week, with 2 days off; or
 - ♦ a 4 day work week, 40 hours per week, with 3 days off.
- b) Off days will be consecutive, wherever possible.
- c) An unpaid break of at least 30 minutes will be provided in each shift in excess of 5 consecutive hours, except where unforeseen or unpreventable circumstances occur.

6.02 Selection of Shifts

- 6.02.01 There shall be a minimum of 4 shift schedules posted over the calendar year prepared by the City.
- 6.02.02 The City shall post new shift schedules in a conspicuous place, normally not less than 5 days before the signing process commences. In the case of pressing necessity, the new shift schedules may be posted for a minimum period of 3 days.
- 6.02.03 A schedule of regular Operator signing times will be determined in seniority order. It is understood that the employee choice form will be used, wherever necessary, so that the signing process does not adversely impact the efficient delivery of service.
- 6.02.04 Operators, who are eligible to sign on the date the sign-up process commences, shall select their shift within a reasonable timing schedule determined by the City.
- * 6.02.04.01 Operators in receipt of Long Term Disability or Workers' Compensation benefits are eligible to sign on a major sign-up only if such employee's return to work date is known at the date the sign-up process commences, and falls within the first half of the posted shift schedule period.

Employees not eligible to participate in the sign-up under this provision will be placed on the Spareboard.

When such employee is medically cleared to return to work to the pre-disability position, the employee will be assigned Spareboard duties until the next major sign-up.
- 6.02.05 Prior to their scheduled signing time, Operators can indicate their choice of shift in writing to the supervising Union official, using the prescribed form. The Union official shall make the Operator's selection, as indicated on the form.
- 6.02.06 Operators who are not present at their signing time and who have not completed a choice form, shall have their selection made for them by the Union official. Such Operator shall be bound by the decision of the Union official for the duration of the shift schedule period.

6.03 Change of Scheduled Shifts

- 6.03.01 The City may change an employee's daily hours of work and will make every effort to provide 24 hours notice, provided that not less than 12 hours notice is given to the employee. The change to any employee's daily hours of work under this provision will be for no more than one hour earlier or later than the originally scheduled start or end time.

6.03.01.01 Statutory Holidays – Scheduling Employees to Work

On posted shift schedules, the City will schedule fewer than the total employees anticipated to be required to work on a recognized statutory holiday. Prior to the date of the actual statutory holiday, when the demand for service is clear, the City will post the number of additional shifts requiring coverage on the statutory holiday.

- a) Employees who are not already scheduled to work on the statutory holiday will be eligible to voluntarily indicate interest in working a shift on the holiday. Shifts will be assigned to interested employees in order of seniority.
- b) The City will make every effort to provide 24 hours notice to the employee(s), provided that not less than 12 hours notice is given to the employee(s) required to work.
- c) Should the City be unable to cover all required shifts in this manner, it shall be able to assign work on a statutory holiday to an employee not already scheduled to work in reverse order of seniority, with notice as outlined in (b) above. Eligible part-time Operators shall be used for this work in reverse “length of service” order, prior to any Full-time Operator being forced.

- * 6.03.02 Where operationally required, the City may change an employee’s shift schedule for a particular sign-up period. In these circumstances, the City shall place the affected employee on the Spareboard, in order of seniority, with a minimum of 7 days notice to the employee. The City shall advise the Union of the reasons for the change.

6.03.03 Where operationally required, the City may post a newly developed shift schedule for all eligible employees, prior to the completion of the normal sign-up period. In this event, the City will advise the Union of the reasons for initiating a new sign-up sooner than scheduled, and discuss the timing of the new sign-up. The provisions of 6.02 “Selection of Shifts” shall apply except that the City will post the new sign-up for a minimum period of 7 days prior to the commencement of the signing process.

* 6.04 Spareboard

6.04.01 Shifts that are made available during the small sign-up will be available to all Block Operators (Block Operators are those operators who are unable to sign a shift on the big sign-up or choose to sign the Spareboard). Normally, there will still be up to 8 Operators who will not be able to sign a planned absence shift on the small sign-up. These Operators will form the spareboard and will be called “Spare Operators”. Should it be determined that on occasion if there is an operational need to go beyond the 8 spare operators, the City will advise the Union in advance. The City will require the Union’s agreement to increase the number of spare operators for a specified period of time.

6.04.02 Off days for the spare operators will be signed on the small sign-up. On a weekly basis, Spare Operators will sign their off days, in seniority order. Every effort will be made to have the off days as consecutive days (recognizing that Sunday and Saturday off days are considered an acceptable split).

6.04.03 Work for the Spare Operators will be assigned the day before by 11:00 a.m. Spare Operators will be required to call their Operations Technician office after 11:00 a.m. to confirm the following day’s work. The Spare Operator will be advised of the start and end time of the following day’s shift.

6.04.04 Shifts will be either 8 or 10 hours in duration. Every attempt will be made to keep Spare Operators hours to 40 hours per week. However, if the operator is covering one or more 10-hour shifts, weekly hours may exceed 40 hours.

DATS will make every effort to make the work assignments as consistent as possible by attempting to avoid large variations in start and end times during any particular week, recognizing that over time Spare Operators may have a variety of start times.

If any last minute full-week shifts, that operationally require coverage, become open, they will be offered to Spare Operators, who are not already covering a route (whether through the small sign-up process or having accepted a shift already), in seniority order. A Spare Operator who declines a shift will be contacted again if another shift comes open.

6.05 Review of Shifts

A copy of the scheduled full-time and part-time shifts shall be made available to the Shift Schedule Review Committee for its perusal, prior to a sign-up being posted. The Shift Schedule Review Committee may provide feedback on such scheduled hours, which the City will consider.

6.06 Shift Trades

- * 6.06.01 Employees may trade shifts subject to the approval of DATS Administration and in accordance with the applicable rules. Approval for trades will not be unreasonably withheld. Approval of requests for shift trades that meet the criteria will be given within 48 hours of the request being forwarded to dispatch.
- 6.06.02 Every trade must be recorded.
- ** 6.06.03 Part-time Operators may trade shifts up to their allotted part-time hours and only with the other part-time Operators.

6.07 Overtime

- 6.07.01 Where a regular employee is required to work hours in excess of their regular hours of work, that is, in excess of:
 - 8 hours per day or 40 hours per week; or
 - 10 hours per day, or 40 hours per week for those employees on compressed hours of work arrangements,the employee shall be paid:
 - 1½ times the employee's regular rate of pay for the first 2 hours of overtime worked, and
 - 2 times the employee's regular rate of pay for each overtime hour worked thereafter until relieved from duty.Overtime claims of 10 minutes or less shall not be eligible for payment.

6.08 Pay for Work on Off Days

- 6.08.01 All regular employees who are required to work on a day off will be paid at 2 times their regular rate of pay for all hours worked.

6.09 Pay for Work on a Statutory Holiday

- 6.09.01 An employee who commences work on a recognized statutory holiday, for which the employee is eligible, shall receive 2 times their regular rate of pay until the employee concludes working.
 - a) The premium rate of pay specified in this section shall be paid only to those employees who work on the actual calendar day for the statutory holiday as established by legislation.
 - b) The provisions in this article shall govern instead of the overtime and off day premium provisions of this Agreement.

6.10 Returning to Work After Absence

An employee returning to work following an incident of any absence must provide dispatch with as much notice as possible. In any event, in order to return to the employee's regularly assigned shift, such employee must notify Dispatch prior to 11:00 hours, on the day preceding the expected return to work date.

Employees who do not provide such notice shall report to Dispatch and will be assigned available work without loss of pay.

6.11 Operation of DATS Vehicles

Only DATS Operators employed in a position within the Union, shall operate City owned DATS vehicles carrying passengers, except for emergent operational situations.

6.12 Leave for Medical and Dental Appointments

- * 6.12.01 Permanent and probationary employees will schedule and attend their medical and dental appointments on their own time. Only when this is not possible will appointments be allowed on City time, without loss of pay, to a maximum of 3 hours. Such employees shall not be required to make up the time spent away from work to keep the appointment.
- 6.12.02 A permanent or probationary employee compelled to arrange a medical or dental appointment during working hours which takes longer than 3 hours, shall have such time deducted from the employee's earned Income Protection Benefits, unless otherwise provided.
- 6.12.03 In instances when an employee is compelled to attend a medical or dental appointment during working hours, other than emergent situations, the employee shall provide as much notice as possible to the supervisor. However, at a minimum, the employee must inform the supervisor of the appointment by 11:00 a.m. of the previous day.
- * 6.12.04 A permanent or probationary employee who is compelled to attend medical or dental appointments during working hours shall be excused from the employee's duties at a time suitable for the employee to attend the appointment.
- 6.12.05 Upon return to work from a medical or dental appointment, such employee shall be assigned duties until the normal completion of the shift. If the City requires such employee to work in excess of the employee's normal shift, then such employee will be eligible for overtime as provided for in this Agreement.
- * 6.12.06 A permanent or probationary employee who is compelled to attend a medical or dental appointment during working hours shall produce a medical certificate proving attendance at such appointment, signed by a doctor, dentist or chiropractor, in order to qualify for payment as defined in 6.12.01 and 6.12.02.

6.13 Payment for Accident/Major Incident Reporting

Employees involved in an accident or major incident having actual or probable property damage or injury to other parties shall complete a written Accident/Major Incident Report of the event.

Such Report shall be completed within 24 hours of the time the event took place, or the time it was brought to the employee's attention. Employees completing the Report outside their normal working hours shall be paid ½ hour at the employee's regular rate of pay.

6.14 Performance Review / Meetings

Operators shall be required to meet with supervisors for the purpose of an annual performance review and other performance related matters. Such meetings shall be at the operator's regular rate of pay, and will be scheduled by the supervisor prior to or following the operator's regular hours of work. 9 Employment

- * 9.01 Where the City has reason to question an employee's medical or physical fitness to safely perform the duties of the DATS Operator position, such employee shall be subject to a medical or physical examination as directed by the City. A change of classification from full-time to part-time or part-time to full-time will not, in itself, be sufficient reason to trigger such an examination.
- 9.02 The normal probationary period for all newly hired permanent employees shall be 6 months or 1,040 hours of service, whichever occurs first. The probationary period may be extended for a period up to 3 months, with a possible further extension of time up to 3 months. However, prior to the last extension, the Union shall be given the opportunity to review the reasons for such extension.
- 9.03 Extension of the normal probationary period shall not preclude an employee who becomes eligible for benefits, as established in Part II of this agreement, from participating in such plans.
- 9.04 Probationary employees who do not meet the requirements of the position or for permanent status during the probationary period shall be separated from the City in writing without notice.

9.05 Trial Period

A part-time employee who is selected as a regular employee shall serve a trial period of 3 months (or 520 hours of service), which may be extended for another period up to 3 months (or 520 hours). The Union shall be given the opportunity to review the reasons for such extension.

- ** 9.06 In the event an employee is absent from employment, who has not obtained the approval of an individual designated to authorize absences at the employee's place of work, the City will attempt to contact the employee. If no contact has been made with the employee the union will be notified prior to the conclusion of the 3rd day of absence.

Should the Union and the City be unable to make contact with the employee after 5 consecutive working days, or the employee has not returned to work, they will be deemed to have terminated their employment unless it is subsequently shown by the employee that special circumstances prevented them from reporting to their designated place of work.

10 Layoffs, Rehires and Technological Change

10.01 Layoffs

- 10.01.01 Where the City determines that it is necessary to reduce the number of non-permanent employees in any classification, the part-time employee last hired shall be laid off.
- 10.01.02 Where the City determines that it is necessary to reduce the number of regular employees in any classification, the Administration shall lay off first, the last employee taken into employment and so on, as far as practical and having regard to efficiency.
- 10.01.03 Where the City has made the decision to layoff a regular employee, such employee shall first be offered a part-time position. If there are no part-time positions vacant at the time, then the part-time employee last hired shall be laid off.
- Should a regular Operator accept a part-time position, then such Operator's employee status shall change to part-time, and the employee shall be subject to the provisions of this Agreement for part-time employees. If the regular employee does not accept a part-time position, then such employee shall be laid off.

10.02 Rehires

If a regular DATS Operator is laid off and then, during the 24 month period following the layoff:

- ♦ a vacant position, required to be filled, occurs or
- ♦ the number of Operator positions increases,

the last employee laid off from such position, if available, qualified, and able to perform the required duties, will be given preference on re-employment.

10.03 Technological Change

The City shall notify the Union of its intention to implement any technological change that directly affects the work life of Operators. Such notification shall include the nature of the change, date of implementation of the change, the jobs affected by the change and any training to be supplied by the employer.

11 Posting and Filling Vacancies

11.01 Notices of vacancies required to be filled shall be conspicuously posted, for a period of 7 calendar days. Where the City experiences difficulty filling positions postings may remain open for longer than 7 calendar days.

The posting of Internal Bulletins shall be for 7 calendar days and shall be restricted to the DATS facility(ies).

- 11.02
- a) Electronic applications are encouraged; however, paper applications shall be accepted and shall be addressed to the Human Resources Branch, clearly indicating the appropriate job requisition number and the return address of the applicant and sent to the location indicated on the posting.
 - b) The Human Resources Branch shall notify the Union of the proposed appointee(s) and the names of all employees who were unsuccessful applicants upon the completion of the selection process.
 - c) The Human Resources Branch shall also notify each employee who was an unsuccessful applicant of the name of the successful applicant. Such employee shall have 10 working days from the date of notification to initiate a grievance. The City shall appoint the selected applicant, and that appointment shall be final subject to satisfactory completion of the required probationary or trial period, or the outcome of any grievance filed within 10 working days from the date the last employee received notification from the City of the selected applicant.

11.03 Any vacancy required to be filled must be posted immediately. However, where the conditions of the service indicate that the position is required to be filled immediately, a temporary appointment may be made for a period up to 90 calendar days.

11.04 Appointments may be made by mutual agreement between the Union and the City without posting.

11.05 If a position becomes vacant due to the reversion or the termination of an employee during the initial probationary or trial period, DATS Administration may make another selection from among the original applicants on that competition, without re-posting.

12 Seniority and Reversion

- 12.01 Seniority for a permanent employee shall commence from the date on which the employee last commenced continuous service to become and has since continued as a permanent employee.
- 12.02 Part-time employees shall not have seniority standing.
- 12.03 A list showing the seniority of employees within the jurisdiction of the Union shall be provided annually by the City to the Union.
- 12.04 A permanent DATS Operator who has transferred to another position in the City, outside the scope of this agreement, may choose to revert to their former position for a period of up to 3 months. Upon such reversion, an employee's seniority within this Agreement shall be deemed to be uninterrupted and shall include the period of time during which the employee assumed the other position. The above conditions shall apply for a period of up to 12 months in cases where the employee is reverted by the City.
- 12.05 Permanent employees shall continue to accrue seniority during all periods of unpaid leaves of absence up to 12 months in duration, provided they have paid dues for the period of leave, in accordance with Part I, Article 8.03.07 - *Participation in Benefit Plans While on Leave of Absence* points (1) and (2). In the event that an employee fails to pay dues during their leave and does not return to the City at its expiration, then the City, as directed by the Union, shall deduct the dues from any remuneration remaining payable to the employee. Dues will be remitted to the Union, provided that any monies owed to the City are paid first.

The City shall provide the Union with the names of employees on leave of absence, for periods of one complete pay period or more.

- 12.06 An employee shall lose all seniority in the event the employee:
- ♦ transfers within the City to a position outside the scope of this Agreement for a period in excess of that permitted under Part II, 12.04;
 - ♦ does not return from an unpaid leave of absence within 12 months of its commencement;
 - ♦ leaves employment with the City of Edmonton;
 - ♦ is laid off and fails to report to work for a period of 7 days after the City has issued written notice to do so, unless the failure is due to illness or other just cause. The employee shall be responsible for ensuring the City has their current address on file;
 - ♦ is laid off for a period longer than 12 months;
 - ♦ is discharged for just cause and not reinstated.

Any exceptions to the above shall only be permitted with the mutual agreement of the parties.

AMALGAMATED TRANSIT UNION LOCAL NO. 569 (DATS UNIT)
(hereinafter called the “Union”)

Letter 01

01 Part-Time Employment

The City and the Union agree to monitor the use of part-time staff from the implementation of the new business model to the end of the current collective agreement. Hours of work for part-time Operators will be tracked, summarized into ranges, and discussed with the Union in the Labour Management Consultation Committee forum. The City will endeavour to provide as many full-time shifts as possible, maintaining an efficient operation of the DATS service.

All applicable provisions in the body of this collective agreement apply to Part-time employee Operators (unless specific reference limits the provision to permanent/regular employee Operators). The detailed terms and conditions of employment for part-time employees shall be as follows:

1 Number of Part-Time Employees

The part-time staff complement will be comprised of:

- ♦ PT60 employees:
 - ♦ Seven part-time employees who will be scheduled up to and including 60 hours biweekly. The total number of “PT60” employees may increase or decrease by 3 with notice to the Union. Any additional changes to these numbers will be discussed and agreed with the Union.
- ♦ PT40 employees:
 - ♦ The balance of the part-time staff complement will be scheduled up to and including 40 hours biweekly.

2 Definitions – Part-Time Employee

The words “part-time employee” when used in this Agreement shall mean an employee who occupies a position which is assigned working hours that are less than the regular working hours specified in this Agreement for full-time positions, subject to #1 above.

A part-time employee shall not be entitled to earn permanent employee status as long as the employee remains in a part-time position. A part-time employee may earn permanent employee status only by attaining a posted permanent, full-time position and successfully completing the required trial period.

3 Hours of Work

- a) Part-time employees shall not be scheduled or requested to work more than 6 days per week or more than 10 hours per day.
- b) An unpaid break of at least 30 minutes will be provided in each shift in excess of 5 consecutive hours, except where unforeseen or unpreventable circumstances occur.
- c) Reporting Pay
Part-time employees who report to work as requested or as scheduled, may be notified by the City that their work for that day has ended. In this event, the employee shall receive a minimum of 2 hours at their regular rate of pay, for that work day.

4 Overtime

Where a part-time employee is required to work hours in excess of 8 hours per day, or 40 hours per week, the employee shall be eligible for the overtime premium. However, if a part-time employee is working a regularly scheduled 10 hour shift, the employee shall not be eligible for the overtime premium unless such employee works in excess of 10 hours per day.

When such an employee qualifies for overtime, the employee shall be paid at:

- ♦ 1½ times the employee's regular rate of pay for the first 2 hours of overtime worked, and
- ♦ Two times the employee's regular rate of pay for each hour worked thereafter until relieved of duty.

5 Part-Time Employees – Statutory Holidays

Part-time employees shall be paid for the statutory holidays to which they are entitled, in accordance with the provisions of Part I, Article 8 - *Fringe Benefits*. Such pay will be at their regular rate of pay and calculated in accordance with the Employment Standards Code.

6 Probationary Period

The normal probationary period for all newly hired part-time employees shall be 1,040 hours from the date training is completed. This probationary period may be extended 520 hours with a possible further extension of another 520 hours. However, prior to the last 520 hour extension, the Union shall be given the opportunity to review the reasons for such extension.

7 Trial Period

A part-time employee who is hired as a regular employee shall have a trial period of 520 hours of service from the date of transfer. The trial period may be extended for another 520 hours and the Union shall be given the opportunity to review the reasons for such extension.

8 Shift Selection

Part-time employees shall not have seniority standing. For the purpose of shift selection, an order shall be established based on date of hire, or such other method established by the City.

02 Premium Pay

- * This Letter of Understanding becomes ineffective on November 1, 2015.

Each biweekly pay period, (with the exception of one pay period to be determined) all regular DATS Operators shall receive premium pay equal to 3 hours at their regular rate of pay. It is understood by the parties that such payment compensates the Operators for all premiums, and working condition allowances not specifically addressed in the current collective agreement, including, but not limited to:

- ♦ Delay pay (no entitlement to overtime for 10 minutes worked at the end of the shift),
- ♦ Spread pay,
- ♦ Shift premiums (such as split shift, shift differential, Sunday or weekend premiums),
- ♦ Filling out reports (other than those covered under Clause 6.12).

Employees who are off work for one, or some combination, of the following reasons:

- ♦ Vacation;
- ♦ Bereavement;
- ♦ Disciplinary Suspension Without Pay;
- ♦ Leave of Absence Without Pay; or
- ♦ Occupational or non-occupational illness or injury

for 24 hours or more in a particular pay period shall not qualify for the 3 hour premium in that pay period.

- a) The premium shall be paid in arrears; that is, in the pay period following the one in which it is earned, so that all exceptions are taken into account and eligibility for the premium can be confirmed.
- b) New hires must work more than 56 hours in a pay period in order to qualify for the premium.
- c) If a regular DATS Operator terminates employment, the Operator will receive the 3-hour premium for the pay period in which his termination date falls only if they have worked more than 56 hours in that pay period;
- d) Operators who return to work on a graduated return to work rehabilitation plan must work more than 56 hours in the pay period to qualify for the premium.

03 Specialized Grievance and Arbitration Mechanisms Pursuant to the Duty to Accommodate Framework Agreement

INTRODUCTION

The parties to this collective agreement are participants in the City of Edmonton – Civic Union Workplace Relationship Agreement, and the Duty to Accommodate Framework Agreement (“*the Framework Agreement*”) entered into under the auspices of the Working Relationship Agreement.

In the Framework Agreement, the participants agree to establish specialized grievance and arbitration mechanisms to resolve disputes over the duty to accommodate, modifying, or in lieu of, the grievance and arbitration provisions in their collective agreements. The reasons and purposes for such specialized processes include recognition that:

- ♦ The duty to accommodate can involve obligations and remedies that transcend bargaining unit boundaries, and thus involve a need for dispute resolution where additional parties can participate so as to avoid multiple proceedings;
- ♦ The duty to accommodate is a process not just a result; that it is time sensitive; and that the rights and obligations can change over time; all of which can favour informal, expedited and specialized processes;
- ♦ While statutory human rights procedures exist, collective agreement arbitration provides a parallel procedure which, if suitably adapted, offers a more flexible and timely way of resolving accommodation issues for the civic workforce; and
- ♦ Although expedited procedures will normally be the chosen option for resolving such disputes, parties may at times choose instead to follow their more formal arbitration procedures, which they should remain free to pursue, subject to modifications for individual and affected union participation and a pre-arbitration mediation process.

Therefore:

The parties to the collective agreement agree to use the following alternative grievance and arbitration procedure for cases falling within the scope of this letter of understanding.

1 Scope

- 1.1 This procedure applies to grievances concerning the duty to accommodate employees on the basis of physical or mental disability.
- 1.2 This procedure does not apply to:
 - 1.2.1 Cases where employees seek accommodation as a result of an addiction said to be a physical or mental disability, or
 - 1.2.2 Cases where employees raise accommodation issues only after being terminated by the City of Edmonton.

2 Initiating a Grievance

- 2.1 Grievances may be initiated during the course of an accommodation process to obtain a decision on a particular decision point in that process even though other steps remain to be taken.
- 2.2 A grievance may concern:
 - 2.2.1 Whether an employee seeking accommodation has a mental or physical disability that gives rise to a need for accommodation
 - 2.2.2 What, if any, restrictions or requirements arise from the employee’s disability.

- 2.2.3 A decision by the City of Edmonton not to accept a measure that might be undertaken to accommodate the employee's needs in their existing job or some other job (whether modified or not), whether based on undue hardship or any other reason.
- 2.2.4 A decision by an Employee or the Union to decline to accept as a reasonable or suitable accommodation, a measure proposed by the City of Edmonton.
- 2.2.5 The failure or refusal by any Union or Association to give any necessary consent to any aspect of a proposed measure that might be undertaken to accommodate an employee's needs, whether that failure or refusal is based on conflicting collective agreement provisions, undue hardship, or otherwise.
- 2.2.6 The assignment of an employee to a position within a different bargaining unit or any terms and conditions attached to that assignment; or
- 2.2.7 Whether any trial period for an accommodation measure has succeeded.
- 2.3 In these procedures, "parties" mean the parties to this collective agreement and any other affected Union or Unions. It does not include an individual with a right to be represented or heard separately during any arbitration procedure.
- 2.4 Prior to filing a grievance under 2.2 of this letter the party will follow the provisions for precipitating a decision on a decision point in the Framework Agreement and shall first advise all affected parties of their wish for a decision on the issue.
- 2.5 On receipt of a request for a decision, the City's Disability Management Consultant, the Union or Unions involved, and such other persons whose presence may be necessary or appropriate to the decision, will meet for a full and frank discussion in an attempt to reach agreement on the question.
- 2.6 If the initial request or, following discussion, the agreed upon issue, is a question of the employee's disability, capacity, or the requirement of any job or proposed job, the parties will initiate the process of obtaining an independent report on the issue in accordance with the procedures in the Framework Agreement. Any professional opinion or factual report obtained as a result of those processes shall be accepted as prima facie proof in any subsequent arbitration proceedings.
- 2.7 The party requesting a decision and the party whose decision is sought may agree in writing to continue to assess the matter in an agreed upon manner.
- 2.8 Following the meeting referred to in 2.4, and unless 2.5 and 2.6 apply, the party required to make a decision will provide that decision in writing within 15 working days of the initial request.
- 2.9 If a decision on a decision point is agreed to, it will be implemented forthwith, according to the terms. If no grievance disputing the decision is initiated within 15 working days following the decision, it will be treated as agreed upon and any proposed action may be implemented unilaterally. A grievance over any decision described in 2.2 may be filed by the parties to this collective agreement or by another Union affected by the decision. The dispute shall be submitted in writing to the roster Coordinator, with a copy of the dispute provided to the Director of Labour Relations, Human Resources Branch.

3 Separate Representation

- 3.1 Where an individual is directly affected by the subject matter of a decision, and their interests may conflict with the position being advanced by their bargaining agent, they may be separately represented in any arbitration process. The form of that separate representation shall be determined by their bargaining agent. Separately represented employees shall not have the authority to advance a matter to arbitration or to insist on formal rather than expedited arbitration.

4 Expedited Arbitration

- 4.1 All grievances will be heard initially by a member of the expedited arbitration roster. Unless the parties agree to a particular member of the roster, the roster coordinator will assign a member to hear the grievance.
- * 4.2 The members of the expedited arbitration roster are:
- ♦ Deborah Howes
 - ♦ Bertha Greenstein
 - ♦ Klaus Opatril
 - ♦ Roger Gunn
- 4.3 The roster member assigned to hear the grievance will convene a meeting of the parties and any individual entitled to separate representation. The purpose of that meeting will be to:
- 4.3.1 Ensure the issues in dispute are defined;
- 4.3.2 Determine whether the parties agree to expedited arbitration or wish to have all or part of the issue resolved by a formal process;
- 4.3.3 If the parties accept expedited arbitration, to set a time, date and place for an expedited arbitration hearing with that roster member;
- 4.3.4 If a party selects formal arbitration, set a time, place and date for a “*without prejudice*” pre-arbitration mediation with the roster member or any other agreed upon mediator;
- 4.3.5 Discuss any other matter that, in the opinion of the roster member, is appropriate;
- 4.3.6 Unless formal arbitration has been selected, grant interim orders where there are substantial reasons for doing so and where the order can be made in a manner that accords with the Framework Agreement;
- 4.3.7 Where the parties agree, do anything at the first meeting that might be done at the expedited arbitration or mediation stages.
- 4.4 Every attempt will be made to hold the meeting referred to in 4.3 within 10 working days of the date the grievance is received by the roster Coordinator, and may be in person or, with the consent of the affected parties, by teleconference. A failure to hold the meeting within 10 working days will not constitute loss of jurisdiction.
- 4.5 The roster member will provide participants with minutes of the first meeting, including any agreements reached, along with directions for a mediation meeting or an expedited arbitration hearing.

5 Expedited Arbitration

- 5.1 The Roster member shall hear the grievance informally and expeditiously, providing the parties and any separately represented member the opportunity to adduce evidence and be heard, following which the member will issue a summary award on the grievance. The award will be provided in writing.
- 5.2 The parties will implement the award forthwith, according to its terms.
- 5.3 Awards under the expedited process will be confined to the issue raised in the grievance on the particular decision point. Any further issues that arise in respect to the duty to accommodate that same individual will be dealt with through a continuation or resumption of the Framework Agreement processes and if needed, by a further grievance on any subsequent decision point, rather than through the expedited arbitrator remaining seized with the matter.

6 Grievance Mediation

- 6.1 Where the parties have selected formal arbitration, the arbitration board will be appointed and scheduling commenced as outlined in Part I, Article 13, Step 4-*Arbitration Stage*, points 4 to 17 of the collective agreement, following the first meeting referred to in 4.3. At the same time, the parties and any separately represented employee will participate in a “*without prejudice*” mediation meeting with the Roster member or another agreed upon mediator.
- 6.2 Participants in the mediation will each be represented by a person or persons familiar with the matter who will make good faith efforts to resolve the matter and who have decision making authority.
- 6.3 Settlements reached through informal mediation shall, where they resolve the full issue, be incorporated into a consent award of the Roster member as an arbitrator, or where they resolve some issues only, be incorporated into an agreed statement of facts or position to be placed by consent before the formal arbitrator or arbitration panel.
- 6.4 Other than the documents referred to in 6.3, the discussions during informal mediation shall be privileged and shall not be referred to in any subsequent arbitration or other proceeding.
- 6.5 The cost of the roster Coordinator’s administrative duties shall be paid by the City of Edmonton. The cost of the mediation or expedited arbitration duties of the panel members will be shared jointly between the City of Edmonton and the Union or Unions involved in individual cases. Where there is more than one Union involved in a particular case, the Union’s half of the costs shall be divided equally between them unless the mediator or expedited arbitrator orders some different appointment.

7 Formal Arbitration

- 7.1 Where a party insists on formal arbitration, that arbitration will be established and conducted in accordance with the arbitration procedure in this collective agreement, modified as necessary to comport with the Framework Agreement.
- 7.2 Where, in addition to the Union under this collective agreement, there is another affected Union in respect of the dispute, the following provisions will apply.
 - 7.2.1 The decision of the arbitration board will be final and binding on all parties;
 - 7.2.2 Except to the extent this agreement provides for, or other parties agree upon, a single arbitrator, the Unions will attempt to agree upon a single nominee, failing which a Union nominee will be selected by the Roster member assigned to conduct the informal mediation.
 - 7.2.3 The costs of any nominee, and of the Chair, will be shared by the Unions equally, unless the arbitrator or arbitration board awards some different apportionment.
- 7.3 In addition to any other powers provided by law or by the Collective Agreement, the arbitrator or arbitration board may, on the request of any affected party, by interim order, direct what ought to be done, or not be done, pending the arbitration hearing or ruling. Interim orders shall only be granted where there are substantial reasons for doing so, and shall be made in a manner that best accords with the provisions of the Framework Agreement.
- * 7.4 Arbitrators shall be selected from the following list of arbitrators, either by agreement, or on the basis of the rotation provided for in the Framework Agreement.
 - ♦ Andrew C. L. Sims, Q.C.
 - ♦ James Casey, Q.C.
 - ♦ Thomas Jolliffe
 - ♦ Lyle Kanee

- 7.5 Where an arbitrator or arbitration board appointed under this collective agreement, finds that the matter or any part of the matter arising in that arbitration properly falls within the scope of the letter of understanding, the arbitrator or arbitration board may direct the parties to pursue the matter in accordance with the provisions of this letter of understanding.
- 7.6 The arbitrator or arbitration board may make any directions as to timeliness or other procedural issue that appears just in all the circumstances. An application under this clause may be made by any party affected by the issue in question whether or not that party is a party signatory to the collective agreement. No such application may be made by an individual employee.

8 Duration and Termination

- 8.1 This Letter of Understanding shall continue in force beyond the expiry date of the Collective Agreement, and shall be renewed with each successor agreement if both parties mutually agree.
- 8.2 In the event a party to the Duty to Accommodate Framework Agreement withdraws from participation in the Agreement, this Letter of Understanding shall cease to be in force on the date the notice period expires. Grievances currently in progress shall continue to utilize the process outlined in this letter of understanding until the decision of the roster member is received.

04 Payment in Lieu of Breaks

- 1) Permanent full-time DATS Operators, and PT60 and PT40 DATS Operators:
 - ♦ All Permanent full-time DATS Operators shall receive an annual payment in an amount of 40 hours at the Operator's regular rate of pay.
 - ♦ PT60 - Part-time DATS Operators shall receive an annual payment in an amount of 30 hours at the Operator's regular rate of pay.
 - ♦ PT40 - Part-time DATS Operators shall receive an annual payment in an amount of 20 hours at the Operator's regular rate of pay.
- 2) Such payment shall be in lieu of coffee breaks, lunch breaks and any other rest periods.
- 3) Such payment shall be:
 - a) Pro-rated according to the Operator's length of service between the commencement of the 25th pay period in the previous calendar year and the conclusion of the 24th pay period in the current calendar year; and,
 - b) Processed on the pay day immediately following the conclusion of the 24th pay period of the current calendar year.
- 4) Terms affecting eligibility for payment:
 - a) Periods of absence from active employment equal to one complete pay period or more shall not be included as "length of service" in the calculation of the payment as outlined in #1 above.
 - b) Upon termination of employment of a DATS Operator, for whatever reason, the City will pay such Operator the applicable amount of the Payment in Lieu of Breaks accrued as a result of qualifying service in the year of termination. Such payment shall be made in conjunction with the final monies paid to the Operator, and not at the time specified in #3(b) above.

05 Shift Trading

- * With respect to shift trading (Part I, Article 6.06 – *Shift Trades*) and employees who voluntarily agree to work another employee’s shift(s).
 - a) The parties agree to enter a joint request that the Director of Employment Standards, under his authority according to Section 74 of the Employment Standards Code, grant an exemption from all the provisions of the Employment Standards Code as they relate to continuous operations as follows:

“An employee who requests for personal reasons, and who as a result of such a request, is authorized to work daily or weekly hours in excess of his normal requirement, shall be compensated for the extra hours worked at straight time rates, at their regular rate of pay, in addition to any premiums associated with the shift. It is not the intent of this section to deny overtime rights to an employee.”
 - b) The parties agree that their request to the Director of Employment Standards will include a request that if the director receives a complaint under the Employment Standards Code from an employee covered by the Collective Agreement, the Director will allow the parties a period of 120 days to discuss the resolution of the complaint prior to issuing a ruling.
 - c) The effective date of this provision will be the date the Director of Employment Standards approves the exemption.

06 Employment Insurance Reduction Program

BACKGROUND

Employment Insurance premiums are paid by employers and employees in a ratio of 7/12 and 5/12 respectively. The intention of the Employment Insurance Reduction Program is to reduce premiums for both parties, where paid sick leave is provided to employees who are unable to work because of illness or injury. For administrative purposes, EI legislation reduces only the employer's premiums. Employers are therefore required to return 5/12 of the savings from the premium reduction to employees to whom the reduced rate applies.

AGREEMENT

In each year the City of Edmonton is granted an EI premium reduction, the employees' portion of the savings will be returned as follows:

- ♦ Temporary, and non-permanent part-time employees
 - ♦ Savings allocated to a sick benefit for non-permanent employees (Supplementary Income Replacement Plan)
- ♦ Permanent employees
 - ♦ Savings are turned back into the Long Term Disability Plan to assist in reducing the premium paid by permanent employees.

07 Employment Opportunities for Individuals with Intellectual Disabilities Program

The City and the Union believe that it is important to promote a city culture of inclusion, where persons with intellectual disabilities have the opportunity to contribute, participate and feel valued through meaningful employment opportunities with the City of Edmonton.

We will work together with disability focused community serving organizations (partner organizations) to provide employment opportunities to such individuals under the following conditions:

- ♦ There will be a maximum of 25 ongoing part-time (8-16 hours per week) out-of-scope positions.
- ♦ Duties of the position will be meaningful and aligned to the unique skills and abilities of each individual and may include some tasks which would normally be considered bargaining unit work.
- ♦ There will be no elimination of positions or reduction of hours of work within the bargaining unit as a result of this program.
- ♦ The terms and conditions of employment for individuals hired under this Letter of Understanding shall be determined by the City of Edmonton.
- ♦ The Union will be notified of individuals hired under this Letter of Understanding.

08 10 Hour Straight Shifts, Shift Design and Floating Shifts

10 HOUR STRAIGHT SHIFTS AND ½ HOUR UNPAID BREAK

- ♦ The following is based on the shift make up between 10-hour split and 10-hour straight shifts in the signup effective January 2015. If there is a change in the total number of 10 hour shifts during the course of this letter then both parties will enter into meaningful discussion on the impact on the proposal.
- ♦ Commencing with the signup covering April, May and June 2015 the City will provide 5 of the 10 hour straight shifts with a ½ hour unpaid break. This number will increase by one with each successive signup until April 2016 where the number will be 10.
- ♦ The 10-hour shifts with the ½ hour unpaid break will remain in effect for a trial period ending December 31, 2016. At the end of the trial period, the efficiency of the operation and operator satisfaction with these shifts will be evaluated.
- ♦ The ½ hour unpaid break will be scheduled no later than 5 hours after commencement of the shift, however, it may be moved by ½ hour either before or after the scheduled break, contingent upon operational needs.

SHIFT DESIGN

- ♦ The parties agree to form a Joint Committee with both City and Union representatives. The purpose of the Committee will be to review current shift designs, including such issues as:
 - ♦ incurred overtime,
 - ♦ shift types (splits/straights),
 - ♦ shift hours (8 or 10 hour shifts),
 - ♦ breaks (“natural” breaks as well as scheduled breaks), and
 - ♦ the scheduling of trips on runs.
- ♦ The committee will study and review such issues during 2015 with recommendations for any changes to be implemented by the end of 2015. This deadline may be extended by the Committee.
- ♦ Any changes agreed to by the parties, must not result in additional operational and staffing costs to the City.

FLOATING SHIFTS

- ♦ For a trial period ending December 31, 2016, after ratification of the 2014-2018 collective agreement, the City will trial split shifts that have a “floating” break. Up to 50% of the split shifts on the signup will be identified as “floating split shifts”. These shifts will have a floating split break which could be moved by 30 minutes earlier or later. In no instance will the movement of the break result in a work piece that is less than 3 hours. The operator would still be entitled to their full split.
- ♦ Operators who have concerns about running into their break on their split shift, may request to have their split moved up to 30 minutes earlier or later. Approval of such request will be contingent upon operational requirements.
- ♦ At the end of the trial period, the efficiency of and operator satisfaction with these shifts will be evaluated. The Union can bring forward any concerns with the floating splits shifts through the Joint Committee referenced in this LOU. Discussions with the Union will take place prior to any anticipated change to these shifts.

Part II – Health and Benefits Plan

1 Income Protection Plan

1.01 Waiting Period

A probationary employee who has completed 90 calendar days of continuous civic employment since the last date the employee commenced employment as a probationary employee with the City, or a permanent employee, shall be a member of the Income Protection Plan. However, an employee who is absent from work on the date that they would have been eligible to participate in the Income Protection Plan shall not be eligible to participate in the Plan until they have returned to work for the City for a period of at least 10 consecutive working days.

- 1.01.01 An employee who is absent from work due to personal disability (as defined in the Income Protection Plan), for one complete pay period or more, during the 90 calendar day waiting period shall have the waiting period extended by the number of working days the employee was absent due to such disability.
- 1.01.02 An employee who is on approved leave of absence without pay during the waiting period, for a period of one complete pay period or more, shall have the waiting period extended by the number of working days the employee was absent due to such leave.
- 1.02 The cost of the Income Protection Plan shall be paid by the City and the Income Protection Plan shall be administered by the City.

1.03 Benefits

Except as otherwise provided in this Agreement, when a member is unable to perform the duties of their regular position due to personal non-occupational disability, such member shall be entitled to receive benefits from the Income Protection Plan for each period of absence from work in accordance with the following provisions.

Benefits shall be based on regular rate of pay immediately prior to the commencement of such disability, subject to the provisions of Part II, 1.04.

Length of Continuous Service	Income Protection Benefits at 100% of the Regular Rate of Pay (the lesser of the following)	Income Protection Benefits at 90% of the Regular Rate of Pay (the lesser of the following)
Less than 90 calendar days	0 working days or 0 hours	0 working days or 0 hours
90 calendar days or more but less than 1 calendar year	0 working days or 0 hours	85 working days or 680 hours
One calendar year or more	85 working days or 680 hours	0 working days or 0 hours

The benefit duration will not be less than 15 weeks or 75 working days for members who receive Income Protection based on 680 hours.

A member who has received the lesser of 85 working days or 680 hours of Income Protection benefits at 100% of the regular rate of pay in any payroll year shall receive all subsequent Income Protection benefits in the payroll year at the rate of 90% of the member's regular rate of pay upon their return to work.

If such member is in receipt of benefits at 90% of the regular rate of pay on the last day in a payroll year, the member shall not qualify for Income Protection benefits

at 100% of the regular rate of pay until they return to work for 10 consecutive working days.

A member who has received the lesser of 85 working days or 680 hours of Income Protection benefits at 90% of the regular rate of pay in any payroll year shall receive all subsequent Income Protection benefits in the payroll year at the rate of 75% of the member's regular rate of pay upon their return to work.

If such member is in receipt of benefits at 75% of the regular rate of pay on the last day in a payroll year, the member shall not qualify for Income Protection benefits at 90% or 100% of the regular rate of pay until they return to work for 10 consecutive working days.

The term "payroll year" shall mean the pay periods used by the City to determine gross earnings for the purposes of producing yearly earnings statements for income tax purposes.

The working days of Income Protection entitlement for part-time members shall be pro-rated based on the average weekly number of hours worked by the member in the 8 weeks preceding the absence divided by five, compared with those hours worked by full-time members.

A member who is in receipt of Long Term Disability benefits and who is engaged in approved alternative employment with the City in accordance with Article 7.12 and is unable to perform the duties of the alternative position due to personal non-occupational disability shall be entitled to receive Income Protection Benefits for each period of absence from work. Such members shall receive an entitlement equal to the lesser of 10 working days or 80 hours of benefits in a payroll year and shall be paid for such benefits at 100 % of the regular rate of pay of the alternative position.

- * 1.03.01 If a member is absent from work due to personal non-occupational disability on the first scheduled working day for which the member would otherwise be eligible for increased Income Protection benefit entitlement, the member shall not become eligible for such increased entitlement until they return to work for the City for a period of at least 10 consecutive working days. Periods of leave of absence without pay in excess of one complete pay period, shall not be considered as continuous employment for the purpose of determining Income Protection benefit entitlement. For accreditation purposes, a member's anniversary date shall be adjusted by the number of days of leave of absence without pay.
- 1.03.02 If a member is unable to perform the duties of their regular position but is capable of performing modified or alternative duties for the City, the City may require that the member perform such modified or alternative duties until the member is again capable of performing the duties of their regular position.
- 1.03.03 A member's eligibility for Income Protection benefits, including their ability to perform alternative employment shall be determined by the Plan Adjudicator and shall be based on medical evidence. The Plan Adjudicator shall be appointed by the City.
- * 1.03.04 When a question arises as to whether a member's disability is occupational and the disability is under review by the Workers' Compensation Board, the member shall receive Income Protection benefits in accordance with the member's entitlement until the claim is adjudicated by the Workers' Compensation Board, provided the member validates their claim in accordance with the provisions of Part II, Article 10, *General Application of Plan* to substantiate their disability. In the event that the Workers' Compensation Board determines that the disability is occupational, the member shall reimburse the Income Protection Plan, from any monies which may be owed to the member, for the period of absence for which the claim is considered occupational and for which the member received

benefits under the Income Protection Plan.

- 1.03.05 Except as otherwise provided in this Agreement, the monetary value of Income Protection Plan benefits payable under this Plan shall be reduced by any amounts the member may be entitled to from the sources set out as follows, whether or not such amounts are provided for the disability for which benefits are being claimed:
 - 1.03.05.01 Benefits from the Canada Pension Plan and/or Quebec Pension Plan, except those Canada Pension Plan and/or Quebec Pension Plan disability benefits payable on behalf of the member's dependents.
 - 1.03.05.02 Any monthly income payable as a result of the member's disability from any Plan not personally contracted for by the member including those plans for which the member has made contributions as a result of Provincial or Federal legislation.
 - * 1.03.05.03 Any other disability benefits payable to the member as a result of Provincial or Federal legislation, subject to Part II, 10.02.02 - *Limitations and Exclusions*.
 - 1.03.05.04 Any monies received from the Crimes Compensation Board which are specifically provided for loss of income.
 - 1.03.05.05 Any monies received from the Workers' Compensation Board (excluding Non-Economic Loss Payments) either directly or by way of lump sum payments or disability pensions in respect of a disability for which benefits are claimed under this Plan.

1.04 In the event that an adjustment to the regular rate of pay occurs during the period of time that a member is in receipt of Income Protection benefits, such member shall receive the adjusted rate of pay effective from the date of adjustment.

1.05 Employees shall schedule medical and dental appointments outside of work hours whenever possible.

However, if a permanent or probationary employee is compelled to arrange a personal medical or dental appointment during working hours, such employee shall be allowed to meet such appointment on City time and without loss of pay, provided that the employee is absent from work for a period of 3 hours or less. Such employee shall not be required to make up the time spent away from work to keep the appointment.

Medical and dental appointments which require the employee to be absent from work for longer than 3 hours shall be deducted from the employee's accumulated Income Protection benefits.

However, an employee whose absence exceeds 3 hours for a medical or dental appointment may use banked overtime or vacation credits as applicable for the hours or portion thereof in excess of 3 hours in order to avoid having the absence counted as an incident of absence.

1.06 Each period of absence from work due to non-occupational disability which exceeds 3 hours, shall be counted as one incident of absence for the purposes of this Plan.

On the 4th and each subsequent incident of absence in a payroll year, Income Protection benefits shall be payable at 75% of the member's regular rate of pay. However, if a member had 3 or less incidents of absence in the previous payroll year, Income Protection benefits shall be payable at 75% of the member's regular rate of pay on the 5th and each subsequent incident of absence in a payroll year. Upon the recommendation of a Department Head, the Plan Administrator shall have the discretion to waive the benefit reduction.

Subject to approval by the Plan Administrator, a member who is receiving ongoing therapeutic treatment for a life threatening disability, and as a result is absent

from work for periods in excess of 3 hours to undergo such treatment sessions, may have the entire number of such treatment sessions considered as one incident of absence in any payroll year.

1.07 Recurring Disabilities

- 1.07.01 If a member returns to work after a period of disability and becomes disabled again within 30 calendar days of their return to work due to causes related to the earlier disability, then the 2nd period of disability shall be considered as an extension of the earlier period of disability. This is for the purpose of serving the 85 day eligibility period for the Long Term Disability Plan, and does not reduce the number of incidents as outlined in Part II, 1.06. Only the balance of Income Protection benefits remaining from the earlier disability shall be payable.
- 1.07.02 If a member returns to work after a period of disability and becomes disabled again within 10 calendar days of their return to work due to causes unrelated to the earlier disability, then the 2nd period of disability shall be considered as an extension of the earlier period of disability. This is for the purpose of serving the 85 day eligibility period for the Long Term Disability Plan, and does not reduce the number of incidents as outlined in Part II, 1.06. Only the balance of Income Protection benefits remaining from the earlier disability shall be payable.

1.08 Other Benefits While Disabled

A member who is in receipt of Income Protection benefits shall continue to be covered under all City benefit plans for which the member is eligible based on the member's regular rate of pay. A member shall continue to pay applicable member contributions and the City will continue to pay its share of the cost of applicable City benefit plans.

1.09 Duration of Benefits

Eligibility for Income Protection benefits will cease upon the earliest of the following dates:

- 1.09.01 The date the member is no longer disabled from performing the duties of their regular position, or any alternative employment made available to the member by the City.
- 1.09.02 The date the member's Income Protection benefits have been expended.
- 1.09.03 The date the member dies.
- 1.09.04 In the case of a member who is laid off from the City, the date such layoff becomes effective. This clause shall not apply when the period of disability commences prior to the notice of layoff and continues beyond the date such layoff becomes effective.

1.10 Alternative Employment with the City

- 1.10.01 If, while in receipt of Income Protection benefits, a member remains unable, due to personal non-occupational disability, to perform the duties of their regular position, but is capable of performing alternative duties for the City, and the member engages in such alternative City employment then the Income Protection benefits payable shall be the difference between the member's regular rate of pay and the regular rate of pay of the alternative employment.
- * 1.10.02 Such reduced benefits will continue until the member has been unable to perform the duties of their regular position for a maximum period of 85 working days in any one payroll year, commencing from the first day of disability. The maximum period of 85 days will normally be consecutive working days, subject to Part II, 1.07 where the maximum period of 85 days will

be cumulative.

GRADUATED RETURN TO WORK (REGULAR DUTIES)

Where an approved rehabilitation plan involves the employee's return to regular duties on a part-time basis, Income Protection benefits payable shall be reduced to the number of hours the employee is unable to work. Only in such graduated return to work situations, Income Protection benefits expire once the employee has exhausted a maximum of 680 hours during the period of disability.

1.10.03 Failure to Accept Alternate Employment

If, while in receipt of Income Protection benefits, a member remains unable, due to personal non-occupational disability, to perform the duties of their regular position but is capable of performing alternative duties and such alternative employment is offered to the member by the City and the member does not accept such alternative employment, then Income Protection benefits will cease on the date the member would otherwise have commenced the alternative employment.

1.10.04 Recurrence of Disability While Engaged in Alternative Employment

- * If, while in receipt of Income Protection benefits, a member engages in alternative employment with the City and becomes unable due to personal non-occupational disability to perform the duties of such alternative employment, the member will receive Income Protection benefits based on their original regular rate of pay while such disability lasts, until the member has been unable to perform the duties of their regular position for a maximum period of 85 working days in any one payroll year, commencing from the first day of disability. The maximum period of 85 days will normally be consecutive working days, subject to Part II, 1.07 where the maximum period of 85 days will be cumulative.

1.11 Alternate Employment With an Employer Other Than the City

- * If, while in receipt of Income Protection benefits, a member remains unable to perform the duties of their regular position due to personal non-occupational disability but engages in employment for gain, then such member shall be granted Income Protection benefits equal to the amount by which the member's regular rate of pay exceeds the income from such outside employment. Such benefits shall be payable for a maximum period of 85 working days in any one payroll year, commencing from the first day of disability. The maximum period of 85 days will normally be consecutive working days, subject to Part II, 1.07 where the maximum period of 85 days will be cumulative.

1.12 Unapproved Employment for Gain

If, while in receipt of Income Protection benefits, a member engages in employment for gain and the Plan Adjudicator has not provided prior approval to the member for such employment, then the member's eligibility for Income Protection benefits shall cease on the date the member commenced such employment for gain and no further benefits shall be payable to such member from the Income Protection Plan for such disability. In addition, the member will be subject to discipline up to and including dismissal.

2 Long Term Disability Plan

2.01 Waiting Period

A permanent or probationary employee who has not attained their normal retirement age and who has completed 90 calendar days of continuous civic employment since the last date they commenced employment as a permanent or probationary employee with the City shall be a member of the Long Term Disability Plan. However, an employee who is absent from work on the date that they would have been eligible to participate in the Long Term Disability Plan shall not be eligible to participate in the Plan until they have returned to work for the City for a period of at least 10 consecutive working days.

- 2.01.01 When an employee is absent from work during the waiting period due to personal disability for one complete pay period or more, the employee shall have their waiting period extended by the number of working days they were absent due to such disability. When the waiting period is so extended the employee may be required to undergo a medical assessment prior to joining the Long Term Disability Plan in order that any pre-existing conditions might be documented.
- 2.01.02 When an employee is on approved leave of absence without pay during the waiting period for one complete pay period or more, the employee shall have their waiting period extended by the number of working days they were absent due to such leave.

2.02 Contributions

The cost of the Long Term Disability Plan shall be paid by members of the Plan through payroll deduction effective upon the date of membership in the Plan. For members who are receiving Long Term Disability benefits and who are not engaged in alternative employment, contributions to the Long Term Disability Plan will be waived. Employees, who are members of the Plan, but unable to receive benefits because their disability arises from a pre-existing condition as per the terms of Part II, 2.15.02. shall continue to contribute premiums to the Long Term Disability Plan.

2.03 Eligibility for Benefits

- * A member will not be eligible to receive Long Term Disability benefits until their Income Protection benefits have expired.
- 2.03.01 The City shall administer the Long Term Disability Plan.
A member's eligibility for Long Term Disability benefits, including their ability to perform alternative employment shall be determined by the Plan Adjudicator. The costs of the Plan Adjudicator shall be borne by the Long Term Disability Plan. The Plan Adjudicator shall be appointed by the City.
- 2.03.02 In the event of a dispute based on medical evidence between the member and the Plan Adjudicator concerning such member's eligibility for Long Term Disability benefits, the same shall be settled by referring the dispute to a hearing with a review panel comprised of the Plan Adjudicator, the physician representing the member and an independent physician selected jointly by the City and the Union.

If the City and the Union cannot agree upon the selection of an independent physician within 60 calendar days, the process outlined in the Duty to Accommodate Framework Agreement (Procedures for Obtaining Expert Opinions, Selection of Agencies) shall be used to select the independent physician.

The hearing shall be chaired by a representative of the City of Edmonton and both the Union and Plan Adjudicator shall have the opportunity to make submissions at the hearing. The decision of the majority of the review panel members or the independent physician shall be final and binding on the member, the City, and the Union. The City appointed chairman shall not be a voting participant in the decision making process of the review panel.

The cost of the review panel or the independent physician shall be borne by the Long Term Disability Plan. The decision must be consistent with the provisions of Part II, 10.02 – *Limitations and Exclusions*.

In the event of a dispute based on medical evidence between the member and the Plan Adjudicator concerning such member's ability to perform alternative employment, the same shall be settled by referring the dispute to Part I, LOU #3 – *the Specialized Grievance and Arbitration Mechanism pursuant to the Duty to Accommodate Framework Agreement*.

2.04 FOR LONG TERM DISABILITY CLAIMS COMMENCING BEFORE SEPTEMBER 2, 2007

Except as otherwise provided in this Agreement, upon expiration of the member's Income Protection benefits, and during the following 24 month period, a member is eligible to receive Long Term Disability benefits if, due to personal non-occupational disability, they are completely unable to perform the duties of their regular position. For Long Term Disability claims commencing before September 2, 2007, all references to the "own occupation period of disability" or the "initial 12 month period", in the balance of this Agreement shall mean a period of "24 months".

FOR LONG TERM DISABILITY CLAIMS COMMENCING ON OR AFTER SEPTEMBER 2, 2007

Except as otherwise provided in this Agreement, upon expiration of the member's Income Protection benefits, and during the following 12 month period, a member is eligible to receive Long Term Disability benefits if, due to personal non-occupational disability, they are completely unable to perform the duties of their regular position.

"Completely unable to perform the duties of their regular position" when used in reference to the Long Term Disability Plan shall mean that a member is unable to perform those duties of their regular position which regularly occupy 60% of the member's work day.

2.05 Except as otherwise provided in this Agreement, Long Term Disability benefits will continue to be paid after the initial 12 month period only if the disability prevents the member from engaging in an occupation for compensation or profit for which the member is reasonably suited by reason of training, education and experience. If the disability does not prevent the member from engaging in an occupation for compensation or profit for which the member is reasonably suited by reason of training, education and experience, and such member is not engaged in rehabilitative employment or training which has been approved by the Plan Adjudicator, then Long Term Disability benefits to such member will cease upon expiration of the initial 12 month period.

"Initial 12 month period" when used in reference to the Long Term Disability Plan shall mean a 12 month period beginning on the date a member commences receiving Long Term Disability benefits and during which time the member is continuously disabled from the duties of their regular position including any period of time defined in 2.12, 2.13 and 2.14.

In accordance with the terms of Part II, 2.12 the period of rehabilitative employment and/or training may be extended beyond 12 months and this extension shall be included as part of the definition of "initial 12 month period".

"An occupation for compensation or profit for which the member is reasonably suited by reason of training, education and experience" when used in reference to the Long Term Disability Plan shall mean an occupation which provides the member

with minimum gross earnings equal to 50% of their regular rate of pay. The regular rate of pay shall be adjusted each January 1 by the percentage change in the Consumer Price Index for the Edmonton region during the 12 month period ending on the previous November 30.

2.06 Duration of Benefits

Eligibility for Long Term Disability benefits will cease upon the earliest of the following dates:

- 2.06.01 The date prior to the day the member attains normal retirement age.
- 2.06.02 The date the member is no longer disabled as defined by the terms of this Plan.
- 2.06.03 The date the member dies.
- 2.06.04 In the case of a member who is laid off from the City, the date such layoff becomes effective. This clause shall not apply when the period of disability commences and the employee was eligible to receive Income Protection or Long Term Disability benefits, prior to the notice of layoff and the disability has continued beyond the date such layoff becomes effective.
- 2.06.05 The date the member is terminated from the employ of the City unless the member is engaged in approved rehabilitative employment with another employer.

2.07 Level of Benefits Provided

Unless otherwise provided in this Agreement, the Long Term Disability benefit shall be an amount equal to a percentage of the annualized regular rate of pay of the position to which the member was permanently appointed or serving the required probationary period or trial term thereof on the date they were first eligible for Long Term Disability benefits. The annualized regular rate of pay for full-time members shall be calculated by multiplying the hourly regular rate of pay times the scheduled hours of work or, if the member's regular rate of pay is a bi-weekly rate, then multiplying the bi-weekly rate times 26.1.

For part-time members, the regular rate of pay shall be applied to the average weekly hours worked by the member in the preceding 8 weeks and multiplying this result by 52.2.

The percentage of annualized regular rate of pay which is paid as the Long Term Disability benefit shall be in accordance with the following:

Annualized Regular Rate of Pay	Long Term Disability Benefit (Percentage of Annualized Regular Rate of Pay)
Up to \$45,000	60%
45,001 to 50,000	58%
50,001 to 60,000	56%
60,001 to 70,000	54%
70,001 to 75,000	52%
75,001 and over	51%

The maximum monthly benefit payable shall not exceed \$4,000. The Long Term Disability benefit payable shall be paid monthly, in arrears, and shall be determined by dividing the annual benefit payable by 12.

The amount determined above shall be reduced by any amounts the member may be entitled to from the sources set out as follows:

- 2.07.01 Benefits to which the member is entitled as a result of their disability from the Canada Pension Plan and/or Quebec Pension Plan, except those Canada Pension Plan and/or Quebec Pension Plan disability benefits payable on behalf of the member's dependents. Any cost of living increases to Canada Pension Plan and/or Quebec Pension Plan disability benefits after commencement of Long Term Disability benefits will not affect the amount of Long Term Disability benefit payable.
- 2.07.02 Any monthly income payable as a result of the member's disability from any plan:
 - ♦ including those plans for which the member has made contributions as a result of Provincial or Federal legislation, but
 - ♦ excluding other insurance which has been personally contracted for.
- 2.07.03 Any other disability benefits payable to the member as a result of the Provincial or Federal legislation.
- 2.07.04 Any monies received from the Crimes Compensation Board but only if related to the disability for which benefits are claimed under this Plan.
- 2.07.05 Any monies received from self employment income unless the employment was part of an approved rehabilitation program wherein the provisions of Part II, 2.13 and 2.14 would apply.

2.08 Lump Sum Settlements

In the event that a member receives a lump sum payment for loss of income from any source not personally contracted for by the member, including a civil suit arising from the accident or illness giving rise to Long Term Disability benefits, the member shall have one of the following options:

- 2.08.01 The lump sum payment shall be actuarially equated by a qualified actuary appointed by the Plan Adjudicator to a monthly amount based on pro-rating the lump sum payment over the remaining service life of the member to normal retirement age, and such monthly amounts shall be deducted from the amount of the monthly Long Term Disability benefit payable under this Plan. In calculating the monthly amounts to which the lump sum payment is actuarially equated, the actuary will assume that, on January 1 of each year, such monthly amount will be increased by the lesser of the percentage increase in the Consumer Price Index for the Edmonton region during the 12 month period ending on the previous November 30, or 5.0%.

Where such monthly amounts exceed the monthly Long Term Disability benefit, the member, in accepting the lump sum payment, shall automatically release the City and the Association from any and all obligations to the member under this Plan.

- 2.08.02 The member may irrevocably assign the lump sum payment to the Long Term Disability Plan and the Plan shall then be obligated to continue Long Term Disability benefits to the member in accordance with the provisions of this Plan.

However, in no case will a member be allowed to participate or be compelled to participate in any rehabilitative employment and/or training without the approval of the Adjudicator, the consent of the member's attending physician and the approval of the City. In the event that these 3 parties cannot unanimously agree as to the member's ability to engage in rehabilitative training and/or employment, then the matter shall be referred to a review panel for final decision. The review panel shall be comprised of the Plan Adjudicator, the physician representing the member and an independent physician selected by these 2 parties. If these 2 parties cannot agree upon the selection of an independent physician within 14 calendar days, the selection shall be made by the Alberta College of Physicians and Surgeons. such rehabilitative employment, then the Long Term Disability benefits will continue for the balance of the initial 12 month period. However, the Long Term Disability benefits will be reduced to 50% of the amount by which the member's regular rate of pay on the date they first became eligible to receive Long Term Disability benefits exceeds the regular rate of pay of the rehabilitative employment provided always that the resultant amount is not less than the Long Term Disability benefit the member was receiving prior to engaging in the rehabilitative employment, nor greater than the member's regular rate of pay on the date they first became eligible to receive Long Term Disability benefits (adjusted by any negotiated increases).

- 2.14.05 When a member engages in employment for gain and such employment has not been approved by the Plan Adjudicator, then the member's eligibility for Long Term Disability benefits shall cease on the date they commenced such employment and no further benefits shall be payable to such member from the Long Term Disability Plan. In addition, the member may be subject to discipline up to and including dismissal.

2.15 Limitations and Exclusions

- 2.15.01 No Long Term Disability benefits will be payable for a period during which the member is not under the care and treatment of a physician or psychiatrist legally licensed to practice medicine. If such attending physician or psychiatrist is not legally licensed to practice medicine in Canada, approval from the Plan Adjudicator must be obtained.
- 2.15.02 No Long Term Disability benefits are payable for a period of disability which commences during the 12 month period following initial membership in the Long Term Disability Plan if such disability results directly or indirectly from an injury or illness for which medical treatment was received or prescribed drugs taken during the 180 day period prior to becoming a member of the Long Term Disability Plan. An employee who is ineligible to receive Long Term Disability benefits during such 12 month period shall not be eligible to participate in the Long Term Disability Plan unless they return to work for the City for a period of at least 10 consecutive working days commencing on the date following the completion of the 12 month period referred to in this article.

- 3.02 Employees, who are not eligible for membership in the Income Protection and Long Term Disability plans, upon the implementation date of these Plans, or who are ineligible to receive Long Term Disability Plan benefits in accordance with Part II 2.15.02, will continue to be members of the Income Replacement Plan until such time as they are eligible for membership in the Income Protection and Long Term Disability Plans or have served the required waiting period for pre-existing disabilities as described in Part II 2.15.02. Such employees shall be governed by the terms and conditions of the Income Replacement Plan which are in effect on the date prior to the implementation of the Income Protection and Long Term Disability Plans. Such terms and conditions shall be considered to form part of this Agreement. If such employees should become eligible for membership in the Income Protection and Long Term Disability Plans they shall have their Income Replacement Banked Entitlement (as provided for in Part II 3.03) further reduced by the amount of Income Replacement benefits paid after the implementation of the Income Protection and Long Term Disability Plans. Employees receiving benefits from the Income Replacement Plan shall pay those premiums which were in force on the last date prior to the implementation of the Income Protection and Long Term Disability Plans.
- 3.03 Effective on the last day prior to the implementation of the Income Protection and Long Term Disability Plans, each member shall be credited with an Income Replacement Banked Entitlement determined as follows:

Income Replacement Banked Entitlement = Income Replacement Entitlement Balance as of the last day prior to the implementation of the Income Protection and Long Term Disability Plans.

- 3.03.01 Income Replacement Entitlement Balance as of the last day prior to the implementation of the Income Protection and Long Term Disability Plans, shall be determined in accordance with the following schedules less any reductions provided for under the terms of the Income Replacement Plan or as specifically provided for in this Agreement.

This provision shall not be effective prior to January 1, 1974.

3.04 For those members covered by Part II 3.01 of this Agreement, the average incidence of sick leave on the last day on which the Income Replacement Plan is in force shall mean the total number of times that the member was absent from work prior to the implementation date of the Long Term Disability Plan due to personal non-occupational disability for a continuous period in excess of 3 hours divided by the member's years of continuous employment with the City on the last date on which the Income Replacement Plan is in force.  - iii) all other sources of reimbursement must have been accessed first.
- 8.06 Expenses may be submitted on behalf of eligible dependents as listed in Part II, 10.02.05.
- 8.07 All expenses incurred during the Policy Year must be submitted no later than April 30th following the end of the Policy Year.
- 8.08 At the end of the Policy Year, unused Health Care Spending Account credits (dollars) may be carried forward to the next Policy Year. Carried forward credits must be used within the Policy Year in which they were carried forward to avoid forfeiture.
- 8.09 All provisions of the plan will comply with Canada Revenue Agency's requirements for Health Care Spending Accounts.
- 8.10 The City will prepare or arrange for the preparation of communication material outlining the terms and conditions of the plan.
- 8.11 Eligible employees shall only receive a Health Care Spending Account deposit at the beginning of each Policy Year or at the beginning of the pay period in which July 1 occurs of each Policy Year, but not both. This includes, but is not limited to, permanent full-time employees who leave the employ of the City and return within the same Policy Year or who transfer into another position whether that re-employment or transfer results in the employee occupying a position within the same bargaining unit, a different bargaining unit, within management, or which is

out-of-scope.

- 8.12 For the purposes of the administration of the Health Care Spending Account the phrase "Policy Year" refers to the period from the beginning of the first pay period of the year until the end of the pay period immediately prior to the first pay period of the next year. For instance, the 2007 Policy Year begins December 24, 2006 and ends December 22, 2007.

9 Supplementation of Compensation Award

- 9.01 If a permanent employee is prevented from performing their work with the City because of an occupational disability that is sustained during the course of their work for the City and the disability is recognized by the Workers' Compensation Board as compensable within the meaning of the Workers' Compensation Act, the City will supplement the award made by the Workers' Compensation Board. The award of the Workers' Compensation Board for loss of wages and any other allowances (excluding non-economic loss payment) provided as a result of a compensable disability together with the supplementation by the City will be 100% percent of the employee's regular net pay (gross regular straight time pay less statutory deductions, union dues and required benefit plan contributions). Payment shall commence on the date of commencement of the award by the Workers' Compensation Board and shall cease:
- a) on the date the Workers' Compensation Board certifies that the employee is able to return to work to the employee's regular duties; or,
 - b) 12 months after the date the Workers' Compensation Board grants a payment under section 56(7) of the Workers' Compensation Act for either total disability or partial disability, whether or not the employee has returned to any work with the City; or,
 - c) on the employee's 65th birthday; or,
 - d) upon termination of the employee's employment with the City;
- whichever occurs first.
- 9.01.01 The Supplementation of Compensation extension period in Part II 9.01(b) shall be equal to the period of time outlined in the definition of disability provision described in Part II, 2.04.
- 9.01.02 Said supplementation shall not be payable to any permanent employee entitled to compensation after pension age if such an employee is entitled to any pension, or after the employee's 65th birthday if such an employee is not entitled to a pension.
- 9.02 If, in the opinion of the City, supplementation of the Workers' Compensation Board award to other employees is justified and approved, it will be made in accordance with the conditions established for permanent employees. In no event, however, shall any period of supplementation for those employees exceed 3 months without further review and approval by the City.
- 9.03 Employees who are laid off from the City shall not be eligible to continue receiving supplementation of compensation benefits unless the claim for Workers' Compensation benefits was initiated prior to the notice of layoff and the disability has continued beyond the date such layoff becomes effective. Additionally, the regular rate of pay used in calculating the supplementation of compensation benefits shall be the regular rate of pay of the employee immediately prior to the date of layoff.

10 General Application of Plans

The following provisions apply to the Supplementation of Compensation Award provisions, Income Protection Plan, the Long Term Disability Plan, the Supplementary Health Care Plan and the Dental Plan, as contained in this Agreement:

10.01 Subrogation Rights

The City shall thereby subrogate to any rights the member or their dependents may have against the responsible party, for any amounts paid pursuant to the said plans or for which the plans have assumed liability. When the net amount recovered is, after deduction of the costs of recovery, not sufficient to provide complete indemnity for the loss suffered, the amount remaining shall be divided between the City and the member in the proportion by which the loss has been borne by them.
- 10.01.02 The members, on their own and on their dependents' behalf, agree that the said subrogation rights of the City may be exercised by the City bringing action for recovery in the name of the member and/or dependent of the member directly against the responsible party or by the City assigning its rights of subrogation to the member or the member's dependent in care of the solicitor representing such member or member's dependent. Such assignment will be on the basis that the City shall not be obliged to pay, by way of legal fees and costs in connection with collecting monies paid to the member by the plans, an amount exceeding 15% of such claim.

10.02 Limitations and Exclusions

- 10.02.01 Plans shall not make any payment on account of services rendered to the member or to a dependent of the member to which such person is entitled:

In all other circumstances, co-ordination shall be done in accordance with the Canadian Life and Health Insurance Association Guidelines.

- 10.02.02 Any provisions of the Plans which require alterations due to Provincial or Federal laws or regulations shall be negotiated between the City and the Association. Employees eligible for benefits under any government plan shall submit claims for reimbursement to the aforementioned Plans first as applicable, prior to submitting claims under any City Plan. Where applicable, Employment Insurance will not be considered the first payer for short term disability benefits.

- 10.03.01 A member shall complete and submit any form, and perform any reasonable obligation required of them by the City or the Adjudicator of a plan, to substantiate and/or justify any claim for benefits. In the event that a member refuses to perform obligations required of them, any benefits and rights provided by these plans shall be suspended for the period that the member so refuses.

- 10.03.01.01 When a physician's note is insufficient in the circumstances and therefore the plan adjudicator for the City's disability income protection plans requests more substantive medical documentation for the purpose of validating a claim for disability benefits, the plan adjudicator will authorize reimbursement of reasonable expenses incurred by the employee, up to maximum allowable fees as determined by the City.

Annual statements reporting the experience, interest earnings or losses, and administrative costs of each of these Plans shall be prepared and provided to the Union. Contributions and interest earnings which accrue as a result of favourable experience shall be retained in each respective fund to offset costs, or such other uses which the parties may agree upon, at a future date. Any increase or decrease in respect of member contributions to Plans shall be applied uniformly to all members of the Union.
- 11.02 In the event that a Plan makes a payment to a member which exceeds the amount which the member is entitled to receive according to the Collective Agreement, the City shall deduct from the member's pay cheque a dollar amount equivalent to the dollar amount which the employee received in excess of their entitlement and shall allocate such funds to the appropriate Plan.

11.03 Benefits Administration – Hour Equivalents

The parties agree that although benefit entitlements in the Collective Agreement are expressed in days or portions thereof, the City may administer these benefits in hour equivalents provided there is no reduction in benefits as a result.

11.04 Advisory Committee

An advisory committee shall be formed in respect to each Plan named in this Collective Agreement or the parties may mutually agree to establish one advisory committee to review all plans named in this Collective Agreement. Each committee shall make recommendations to the parties on administrative difficulties, investments and policy changes (excluding the financing of the plans). The advisory committees for the Dental and Supplementary Health Care Plans shall be empowered to adjudicate appeals.

Such deductions shall be on a bi-weekly basis and shall be forwarded to the Secretary Treasurer of the Fund at the end of each pay period together with a list of employees from whom deductions have been made.  - Supplementary Health Care and Major Medical Plan; and
 - Dental Plan
- shall be shared between the 2 parties in direct proportion to the premium contribution-sharing arrangement in effect during the period the said financial losses and/or gains accrued.
- 14.02 In particular, it is agreed that the City shall have no rights to claim a share of any financial surpluses accruing under the Long Term Disability Plan so long as it is financed entirely by employees' contributions and interest and the Union shall have no rights to claim a share of any financial surpluses accruing under the Income Protection Plan so long as it is financed entirely by City contributions and interest.
- 14.03 It is further agreed that when the financial surplus in a plan at year-end, as reported annually to the Union by the City, exceeds 15% of the annual contributions under that plan, then the surplus contributions shall be paid to the City and the active employees in accordance with the aforesaid surplus-sharing arrangement within 120 days.
- 14.04 With regard to each of the plans herein referred to, "financial surplus" shall mean the amount of funds remaining at each year-end (if any) after provision has been made for all chargeable claims, expenses and required plan reserves including Rate Stabilization Reserves, funded to industry standards. The Union will be advised of the basis, in terms of the percentage of annual contributions, used for the Rate Stabilization Reserves. The parties also agree to meet with regard to the level of funding for the Rate Stabilization Reserve should a concern be identified.
