RE: Tentative plan of subdivision to create 61 residential lots, from the SW-25-52-26-W4M located north of Whitemud Drive NW and east of 231 Street NW; **ROSENTHAL**

I The Subdivision by Plan is APPROVED on April 18, 2024, subject to the following conditions:

1. that the owner provide money in place of Municipal Reserve (MR) in the amount of \$1,798,634.72 representing 3.235 ha, pursuant to Section 666 and Section 667 of the Municipal Government Act;
2. that the owner enter into a Servicing Agreement with the City of Edmonton pursuant to Section 655 of the Municipal Government Act;
3. that the owner prepare the necessary plans and documentation to grant new or carry forward existing easements and restrictive covenants in favour of the City of Edmonton, EPCOR Distribution & Transmission Inc., EPCOR Water Services Inc., and EPCOR Drainage Services, as required by the aforementioned agencies or shown on the engineering drawings that are deemed to be part of the Servicing Agreement;
4. that the approved subdivisions LDA22-0544 be registered prior to or concurrent with this application to provide the logical extension of roadway and utilities;
5. that the owner register a Berm and Fence restrictive covenant and easement in favour of the City of Edmonton against the lots backing onto 231 Street NW and the Whitemud interchange lands, as shown on the "Conditions of Approval" map, Enclosure I; and
6. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

II The Servicing Agreement required in Clause I (2) shall contain, among other things, the following conditions:

1. that the owner pay all servicing costs, assessments, roadway modification costs (including but not limited to sidewalk, shared use path and/or transit infrastructure), construction costs and inspection costs required by this subdivision;

2. that the owner pay all costs specified in the Servicing Agreement prior to endorsement of the plan of survey;
3. that the owner pay the Drainage Assessments applicable to this subdivision;
4. that the owner pay the Arterial Roadway Assessments applicable to this subdivision;
5. that the owner submits an Erosion and Sediment Control (ESC) Plan specific for this development and for implementation during and after construction in accordance with the City of Edmonton ESC Guidelines and Field Manual;
6. that the owner submits detailed engineering drawings and technical studies in accordance with the City of Edmonton Design and Construction Standards and to the satisfaction of the City Departments and affected utility agencies;
7. that the owner construct all roadways and alleys to an approved Complete Streets design and cross-section. The Complete Streets design and cross-section details for the roadways will be determined through the engineering drawing review and approval process, and as a result, may require adjustments to the road right-of-way;
8. that the owner construct a 1.8 m concrete sidewalk with lighting and bollards within the walkway, with connections to adjacent paths, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I;
9. that the owner construct a 2.8 m berm centered on the property line and 1.83 m noise attenuation fence, or combination thereof, contained wholly within private property, to conform to the Approved Engineering Drawing for LDA22-0544; Stage 36, wholly within private property lines for all lots backing onto Whitemud Drive NW and 231 Street NW, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I;
10. that the owner construct all fences wholly on privately-owned land, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I; and
11. that the owner is responsible for the landscape design and construction within road right of way and walkway to the satisfaction of City Departments and affected utility agencies.

Enclosure I is a map of the subdivision identifying major conditions of this approval.

MR for the SW-25-52-26-W4M was previously addressed with LDA20-0427 by registering a 4.33 ha DRC on title. The DRC will be adjusted for the pipeline right-of-way and arterial road dedication. In addition, \$1,798,634.72, representing 3.235 ha, is being provided by money in place with this subdivision. Money in place may change dependent upon the final plan of survey. Subsequent to deductions and money in place of MR, the existing DRC will be reduced to 0.765 to reflect the remaining MR owing for the interchange lands, and carried forward on the SW-25-52-26-W4M.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that an appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

If you have further questions, please contact subdivisions@edmonton.ca.

RE: REVISION of conditionally approved tentative plan of subdivision to create 30 residential lots, two (2) multi-unit housing lots, three (3) Environmental Reserve lots, one (1) Municipal Reserve lot, and one (1) Public Utility Lot, from a portion of roadway to be closed and the NE 15-51-25-W4M, located south of 28 Avenue SW and west of Chappelle Boulevard SW;
CHAPPELLE

The subdivision was initially approved on February 8, 2024. This Change Request increases the size of the south multi-unit housing lot and reconfigures the adjacent residential lots accordingly.

I The Subdivision by Plan is APPROVED on April 18, 2024, subject to the following conditions:

1. that the owner dedicate Environmental Reserve (ER) as 6.830 hectare (ha), 0.595 ha, and 0.258 ha lots, pursuant to Section 664(1.1)(a) of the Municipal Government Act, as shown on the "Conditions of Approval" map, Enclosure I;
2. that the owner dedicate Municipal Reserve (MR) as a 0.18 ha lot pursuant to Section 666 of the Municipal Government Act as shown on the "Conditions of Approval" map, Enclosure I;
3. that the owner provide money in place of MR in the amount of \$44,712.75 representing 0.077 ha, pursuant to Section 666 and Section 667 of the Municipal Government Act;
4. that the owner enter into a Servicing Agreement with the City of Edmonton pursuant to Section 655 of the Municipal Government Act;
5. that the owner enter into a Deferred Servicing Agreement with the City of Edmonton, pursuant to Section 655 of the Municipal Government Act, for the payment of the proportionate share of Arterial Roadway Assessments applicable to Phase 3 of this subdivision;
6. that concurrent with registration of the plan of survey, the City of Edmonton shall register against the proposed multi-unit housing lot within Phase 3, a claim of interest by caveat of the Deferred Servicing Agreement pursuant to Section 655 of the Municipal Government Act;
7. that the owner prepare the necessary plans and documentation to grant new or carry forward existing easements and restrictive covenants in favour of the City of Edmonton, EPCOR Distribution & Transmission Inc., EPCOR Water Services Inc., and EPCOR Drainage Services, as

required by the aforementioned agencies or shown on the engineering drawings that are deemed to be part of the Servicing Agreement;

8. that the owner register an easement for the portion of storm sewer extension within the multi-unit housing lot, as shown on the "Conditions of Approval" map, Enclosure I;
9. that the owner register a temporary public access easement for a temporary 12 metre (m) turnaround, as shown on the "Conditions of Approval" map, Enclosure I;
10. that the owner register a temporary emergency access easement for a temporary 4 m emergency access roadway, as shown on the "Conditions of Approval" map, Enclosure I;
11. that the property lines of the residential lots be modified, should it be deemed necessary through the review of engineering drawings and submission of a detailed Swept Path Analysis for oil well service vehicles, to the satisfaction of Subdivision and Development Coordination, as shown on "Conditions of Approval" map, Enclosure I;
12. that the owner be permitted to register this plan of subdivision in phases in sequential order, as shown on the "Conditions of Approval" map, Enclosure I;
13. that LDA23-0122 to close portions of 156 Street NW shall be approved prior to the endorsement of the plan of survey, as shown on the "Conditions of Approval" map, Enclosure I;
14. that the owner register a Top of Bank restrictive covenant in favour of the City of Edmonton against the lots backing onto the Top of Bank, as per the applicable development restrictions shown by the J.R. Paine & Associates Ltd. geotechnical report (file no. 2412-424), as shown on the "Conditions of Approval" map, Enclosure I;
15. that the owner register a Freeboard restrictive covenant in favour of EPCOR Drainage Services, against the lots backing onto the Storm Water Management Facility (SWMF)/Public Utility Lot (PUL), as shown on the "Conditions of Approval" map, Enclosure I;
16. that the owner register a Disturbed Soil restrictive covenant in favour of EPCOR Drainage Services, against the multi-unit housing lot containing the storm sewer main extension, as shown on the "Conditions of Approval" map, Enclosure I; and
17. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

II The Servicing Agreement required in Clause I (4) shall contain, among other things, the following conditions:

1. that the owner pay all servicing costs, assessments, roadway modification costs (including but not limited to sidewalk, shared use path and/or transit infrastructure), construction costs and inspection costs required by this subdivision;
2. that the owner pay all costs specified in the Servicing Agreement prior to endorsement of the plan of survey;
3. that the owner pay the Drainage Assessments applicable to this subdivision;

4. that the owner pay the Arterial Roadway Assessments applicable to this subdivision;
5. that the owner submits an Erosion and Sediment Control (ESC) Plan specific for this development and for implementation during and after construction in accordance with the City of Edmonton ESC Guidelines and Field Manual;
6. that the owner submits detailed engineering drawings and technical studies in accordance with the City of Edmonton Design and Construction Standards and to the satisfaction of the City Departments and affected utility agencies;
7. that the engineering drawings include identification of the abandoned well site within Chernowski Way SW, demonstrating that a 4 m drive aisle will be available should the 10 m x 15 m working area be occupied due to well repairs, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I;
8. that the owner construct all roadways to an approved Complete Streets design and cross-section. The Complete Streets design and cross-section details for the roadways will be determined through the engineering drawing review and approval process, and as a result, may require adjustments to the road right of way;
9. that the owner construct Chernowski Way SW as an enhanced local roadway standard, to maintain two driving lanes at all times, to the satisfaction of Subdivision and Development Coordination. The Complete Streets design and cross-section details for the enhanced local roadway will be reviewed and finalized through the engineering drawing review and approval process;
10. that the owner construct a temporary 12 m radius gravel surface turnaround with bollards or mini-barriers, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I. This turnaround will be required prior to Construction Completion Certificate (CCC) for roads (or when required by Subdivision and Development Coordination);
11. that the owner construct a temporary 4 m gravel surface emergency access with T-bollards, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I. This roadway will be required prior to CCC for roads (or when required by Subdivision and Development Coordination);
12. that the owner construct a temporary 4 m gravel surface roadway to provide private and emergency access to Block E, Plan 982 5711, with Phase 1, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I. The physical closure of this portion of 156 Street Government Road Allowance cannot occur until alternative access to this property is constructed from 28 Avenue SW. This roadway will be required prior to CCC for roads (or when required by Subdivision and Development Coordination);
13. that the owner remove the road structure of the existing 156 Street SW roadway and remediate the road closure area, to the satisfaction of Subdivision and Development Coordination, as shown on "Conditions of Approval" map, Enclosure I;

14. that the owner provide a zebra marked crosswalk with curb ramps and pedestrian signage, at the shared use path crossings on Chernowski Way SW, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I;
15. that the owner construct traffic calming measures such as curb ramps, a two-stage crossing, a raised crossing, or curb extensions, at the shared use path crossings on Chernowski Way SW, to the satisfaction of Subdivision and Development Coordination and Safe Mobility, as shown on the "Conditions of Approval" map, Enclosure I;
16. that the owner construct a 3 m asphalt shared use path within the ER lot, including "Shared Use" signage and landscaping, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I. Routing considerations will be reviewed through the submission of Engineering Drawing to the satisfaction of Urban Growth and Open Space Strategy (contact ecologycircs@edmonton.ca for more information);
17. that the owner construct a 3 m asphalt shared use path within the PUL, with a connection to the existing shared use path to the east, including lighting and bollards, to a residential alley standard roadway, to allow for service vehicle access to the SWMF, as shown on Enclosure I;
18. that the owner construct a 3 m hard surface shared use path with "Shared Use" signage, lighting, and bollards, within the greenways, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I;
19. that the owner construct a 3 m hard surface shared use path with lighting and bollards, within the walkway and the MR lot, with connections to the adjacent top of bank shared use path, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I. Lighting considerations will be reviewed through the submission of Engineering Drawing to the satisfaction of Urban Growth and Open Space Strategy (contact ecologycircs@edmonton.ca for more information);
20. that the owner construct a temporary 3 m hard surface shared use path, with lighting and bollards, along the south side of the 28 Avenue SW road right of way, with a connection to the existing shared use path from Craig Landing SW, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I;
21. that the owner design and constructs the ultimate SWMF, including all inlets and outlets, with Phase 1, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I;
22. that the owner construct a storm sewer extension, with Phase 1, to the satisfaction of EPCOR Water Services Inc. and Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I;
23. that the owner abandons any unused interim storm infrastructure, as part of the ultimate SWMF construction, to the satisfaction of Subdivision and Development Coordination;

24. that the owner construct all fences wholly on privately-owned land, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I; and
25. that the owner is responsible for the landscape design and construction within the PUL, the Reserve lots, road rights of way, walkway, and greenways to the satisfaction of City Departments and affected utility agencies.

Enclosure I is a map of the subdivision identifying major conditions of this approval.

MR for the NE 15-51-25-W4M was addressed by registration of a 0.459 ha Deferred Reserve Caveat (DRC 222 166 311) on title with LDA18-0496 and registration of second a DRC (222 108 888) in the amount of 0.520 ha on title with LDA20-0313. The two DRCs total 0.979 ha. An additional 0.046 ha will be owing upon approval of LDA23-0122 to close portions of 156 Street NW, resulting in a total of 1.025 ha owing for the titled area.

ER in the amount of 7.683 ha is being dedicated as three lots with this subdivision, thereby reducing the amount owing by 0.768 ha. Additionally, MR in the amount of 0.18 ha is being provided by dedication with this subdivision. The remaining 0.077 ha is being provided by money in place with this subdivision, in the amount of \$44,712.75. Money in place may change, dependent upon the final plan of survey.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that an appeal may be lodged in accordance with Section 678 of the Municipal Government Act with the Provincial Land and Property Rights Tribunal, 2nd Floor, 1229 - 91 Street SW, Edmonton, Alberta, T6X 1E9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

If you have further questions, please contact subdivisions@edmonton.ca.

RE: Tentative plan of subdivision to create three (3) commercial bare land condominium units from Lot 2, Block 3, Plan 162 0747, located east of 34 Street NW and south of 153 Avenue NW;
EBBERS

The Subdivision by Plan is APPROVED on April 18, 2024, subject to the following conditions:

1. that the owner provide money in place of Municipal Reserve (MR) in the amount of \$207,489.87 representing 0.311 ha, pursuant to Section 666 and Section 667 of the Municipal Government Act;
2. that the subdivision boundary be amended to exclude previously registered road rights of way, as shown on the "Conditions of Approval" map, Enclosure II; and
3. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

Enclosure I is an attachment of the major advisements throughout the subdivision process. Enclosure II is a map of the subdivision and identifies major conditions and advisements of this approval.

MR for Lot 2, Block 3, Plan 162 0747 in the amount of \$207,489.87, representing 0.311 ha, is being provided by money in place with this subdivision. Money in place may be reduced with the final plan of survey to account for additional road dedication.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that an appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

If you have further questions, please contact subdivisions@edmonton.ca.

Regards,

Blair McDowell
Subdivision Authority

BM/tv/Posse #487252971-001

Enclosures

Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$7,515 - 2024 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

- A Development Permit (295529024-001) for this site was approved on November 15, 2019. The permit conditions the construction of 34 Street SW to an urban collector road cross section and the registration of a permanent easement to facilitate the construction of 34 Street.
- The engineering drawings for the Amnor Manning Centre have been approved and the Servicing Agreement (SA51922) has been signed for the construction of 34 Street NW, as per the conditions of the Development Permit.

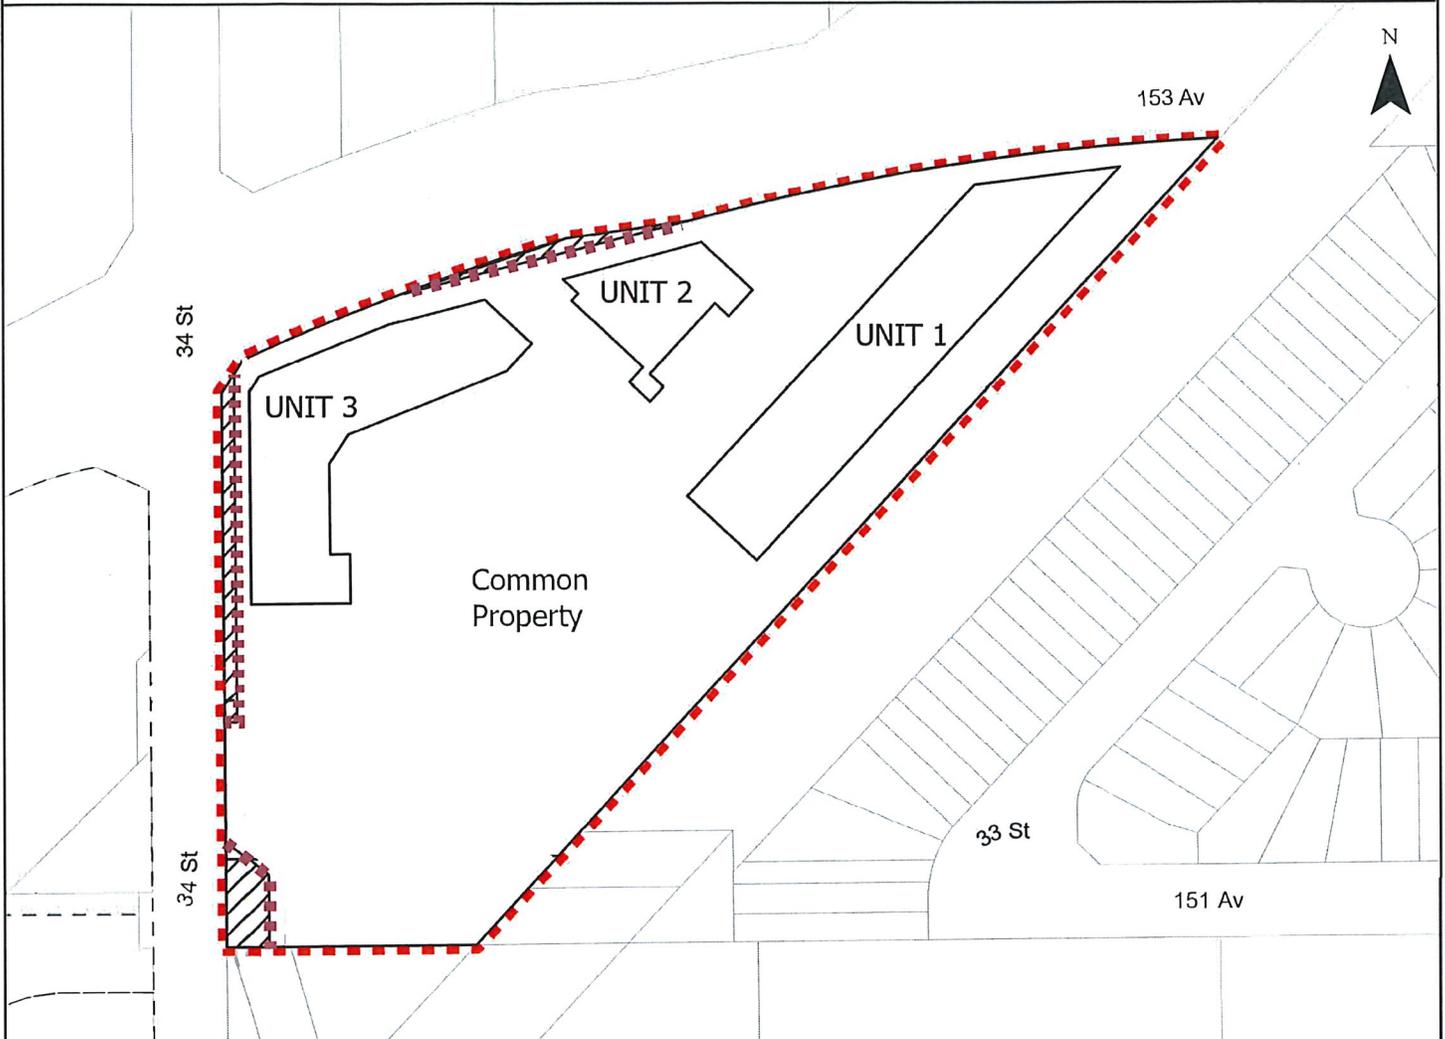

Building / Site

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

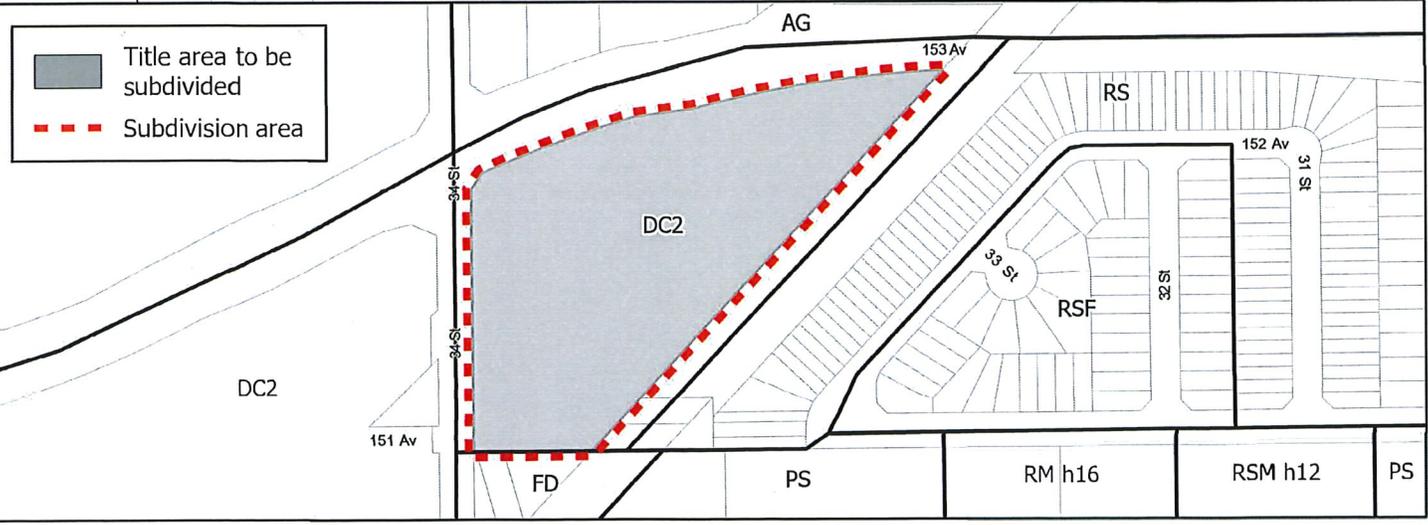

Servicing

- The existing services (water and sanitary) are proposed to be installed to the existing lot as per the onsite servicing plans that were reviewed by EPCOR iWASS.
- All municipal services must enter the site through Common Property.
- There is an existing 300mm water main located within a 30.5 meter wide Utility Right-of-Way within the subject site. The existing Utility Right-of-Way registered under Instrument 162 052 584 must be maintained for the protection of the water main. Encroachments onto the right-of-ways will not be permitted.
- There is a deficiency in on-street hydrant spacing adjacent to the property. An Infill Fire Protection Assessment (IFPA) response was previously issued through the Development Permit review process (File numbers 452307628-002 and 451910818-002). Fire Rescue Services has concluded that no upgrades to municipal fire protection infrastructure are required with the above noted Development Permits or with this subdivision application.
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).

- Limit of Proposed Subdivision
- Amend Subdivision Boundary
- Existing road right of way

Blair McDowell
Subdivision Authority

BM/tv/Posse #501418653-001

Enclosures

Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$2,505 - 2024 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

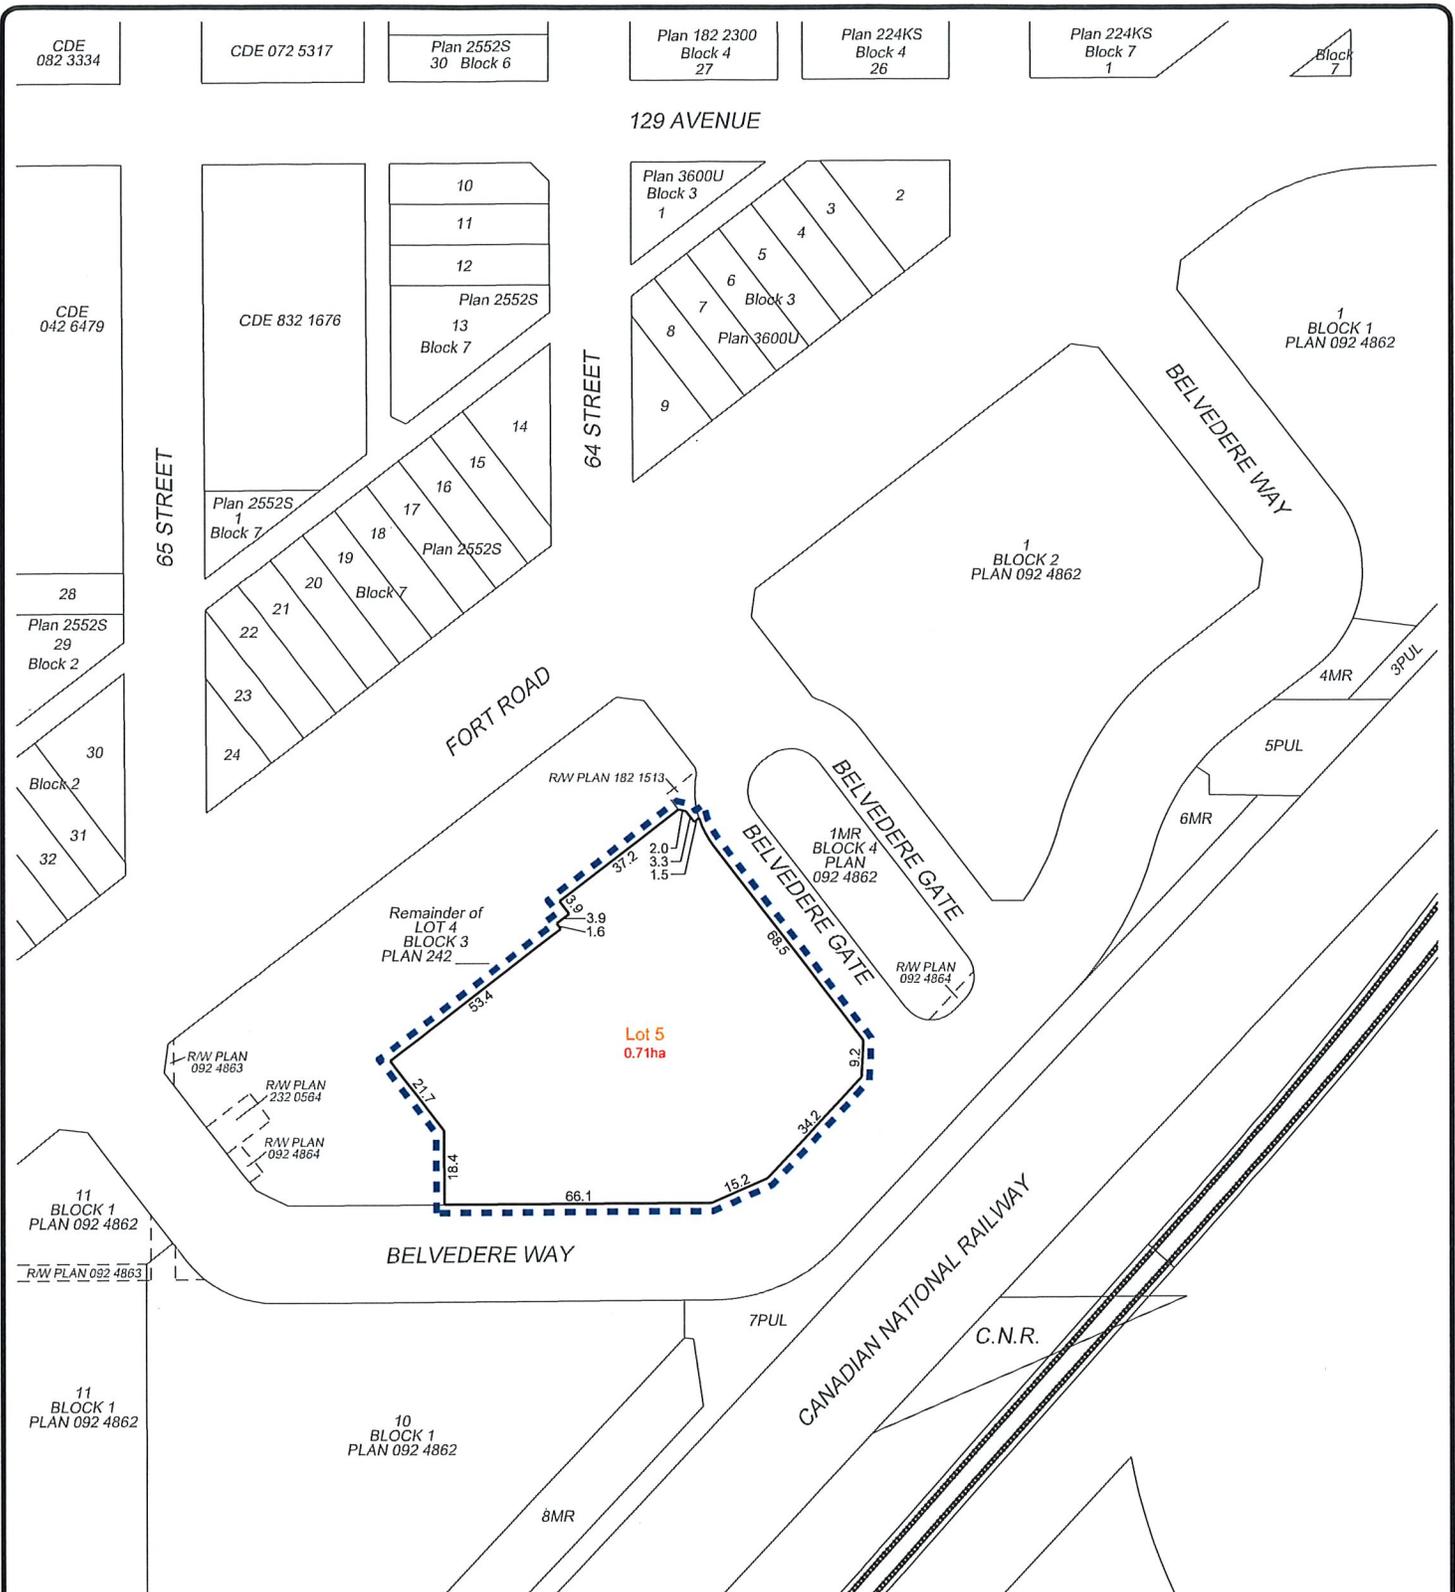

- Any changes to the existing access requires the review and approval of Subdivision and Development Coordination.
- Safe Mobility will review requirements with future Development Permits applications, and additional conditions to ensure safe pedestrian crossings may be required with future development of the site. This may include but is not limited to zebra marked crosswalks with curb ramps and pedestrian signage at the mid-block crossing.

Building / Site

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

Servicing

- The owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Real Estate Division [Rights of Way] 780-508-2456), ATCO Gas (780-424-5222), and EPCOR Drainage Services (Water and Sewer Servicing 780-496-5444).
- An Infill Fire Protection Assessment (IFPA) was previously conducted for this site (through the previous subdivision LDA21-0065). Edmonton Fire Rescue Services has confirmed that the previous IFPA decision still stands. Therefore upgrades to municipal on-street fire protection infrastructure are not required as part of this subdivision.
- Multiple services are providing water service to the remnant of Lot 4. As per the City of Edmonton Design and Construction Standards Volume 4 (April 2021) Section 1.9.1.6.2, a Caveat of Restrictive Covenant for Check Valve Installation must be registered on title where more than one service is provided to a single lot. Check valves must be installed and maintained at the applicant's expense where looping of the water main back to the public system is planned or exists. Please contact waterlandadmin@epcor.com to initiate the restrictive covenant process.
- There are existing water, sanitary, and storm services available to proposed Lot 5. Existing water, sanitary, and storm services are also located within the remnant of Lot 4. As per the EPCOR Drainage Services Bylaw and the EPCOR Water Services and Wastewater Treatment Bylaw, these services cannot cross the proposed property line.
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).

RE: Tentative plan of subdivision to create one (1) additional residential lot from Lot 26, Block 31, Plan 2338 HW, located south of 61 Avenue NW and east of 108 Street NW; **PLEASANTVIEW**

The Subdivision by Plan is APPROVED on April 18, 2024, subject to the following conditions:

1. that the owner apply for a permit to demolish the existing dwelling and garage prior to endorsement of the final plan. Demolition permits can be obtained from Development Services. Apply online at www.edmonton.ca/permits; and
2. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

Enclosure I is an attachment of the major advisements throughout the subdivision process. Enclosure II is a map of the subdivision and identifies major conditions and advisements of this approval.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that the Subdivision Authority will not endorse the plan of subdivision or other instrument until the appeal period as prescribed by the Municipal Government Act has lapsed. An appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

The Subdivision Authority did not receive comments from adjacent landowners. The application complies with the regulations set out in the Edmonton Zoning Bylaw, the land is serviceable, and the proposal advances a more compact urban form. The Subdivision Authority is of the opinion, after considering factors set out in Section 9 of the Matters Related to Subdivision and Development Regulation, that the land is suitable for the purpose for which the subdivision is intended.

If you have further questions, please contact subdivisions@edmonton.ca.

Regards,

Blair McDowell
Subdivision Authority

BM/mc/Posse #503870966-001

Enclosures

Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$715.00 - 2024 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

- There are existing boulevard trees adjacent to the site that must be protected during construction. For information about tree protection please refer to the City of Edmonton's website (search "Trees and Construction").
- Any and all costs associated with tree work requests (removal, pruning or other) and/or remediation from damages are borne on to the proponent as per the Corporate Tree Management Policy (C456C). All work is to be carried out by Urban Forestry who can be contacted at citytrees@edmonton.ca. Removal of City of Edmonton trees must follow the Live Tree Removal Guidelines which include community notice and value compensation.
- Access for future development must be to the adjacent alley as per the General Regulations (Section 6.1) in the 2.10 RS - Small Scale Residential Zone of Zoning Bylaw 20001.
- There is an existing access to 61 Avenue NW. Upon redevelopment of proposed Lot 26, the existing residential access to 61 Avenue NW must be removed. The owner/applicant will be required to obtain a Permit to remove the access, available from Development Services. Apply online at www.edmonton.ca/permits.
- The existing fence and brick wall that encroach into the alley right-of-way must be removed, and the owner must discharge the existing encroachment agreement (instrument 122 007 411). A request to discharge the encroachment agreement must be submitted to the City of Edmonton Law Branch. The applicant can contact the Law Branch at legalserviceinquiries@edmonton.ca.

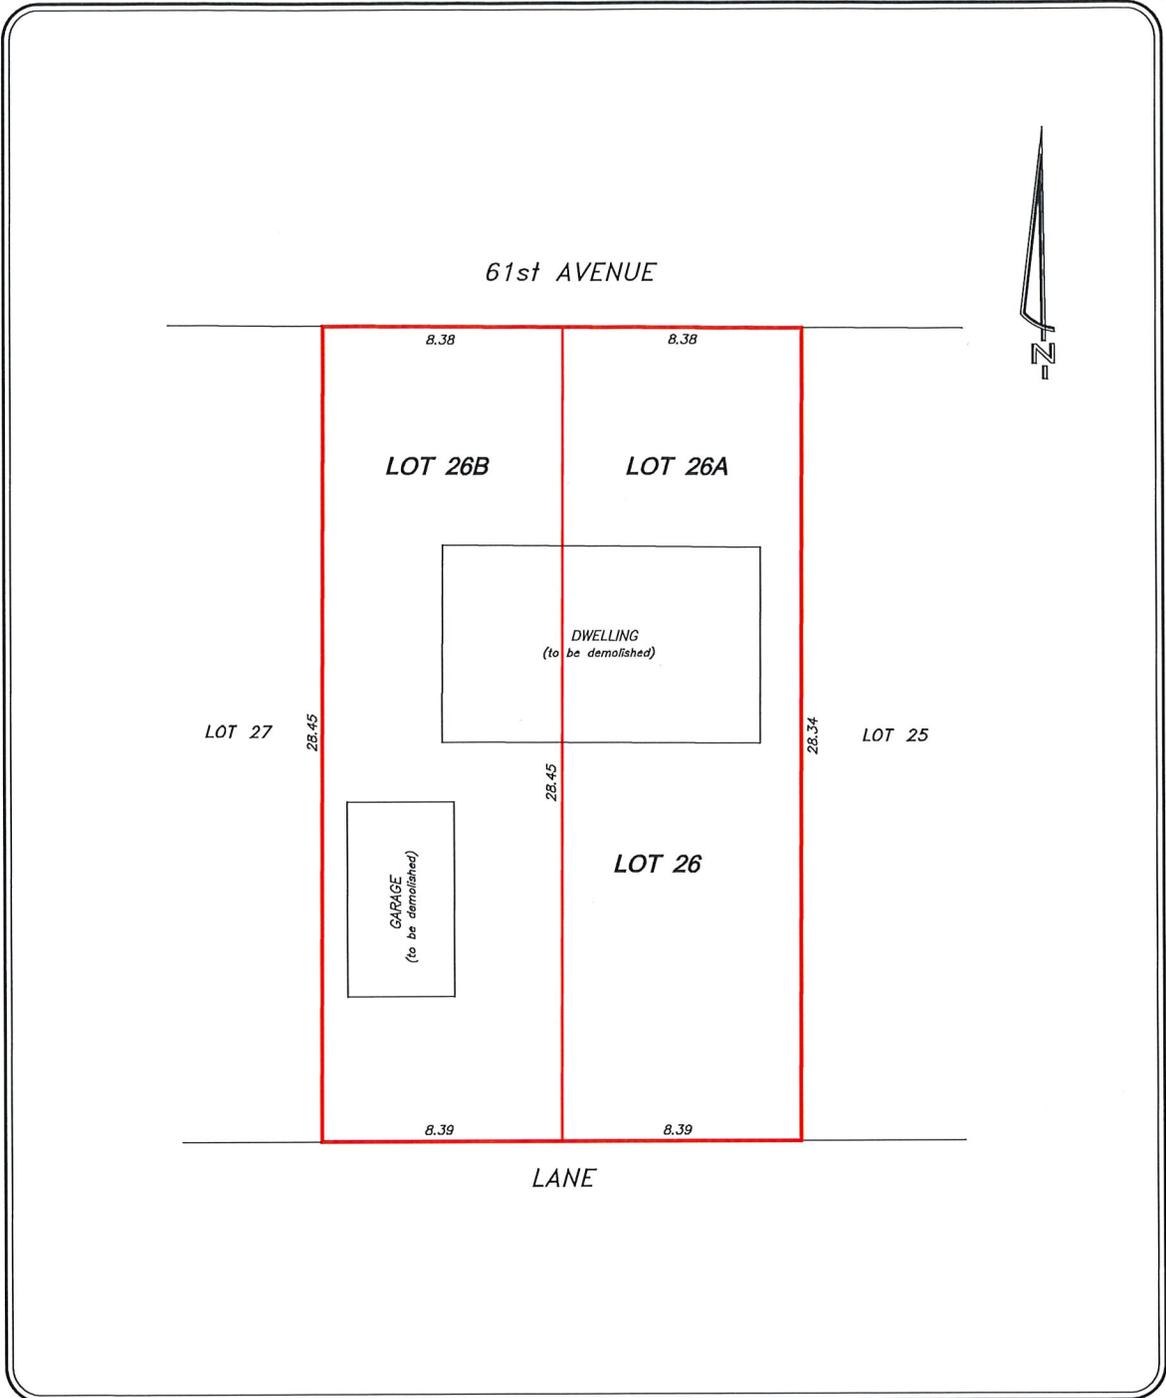

Building / Site

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

Servicing

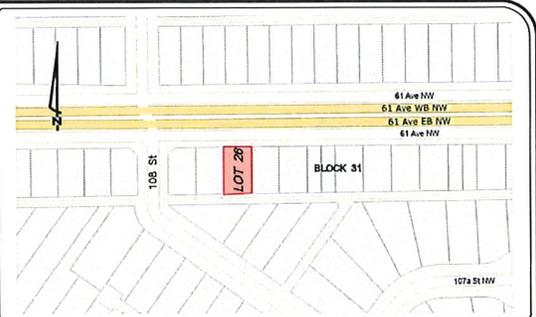

- The owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Real Estate Division [Rights of Way] 780-508-2456), ATCO Gas (780-424-5222), and EPCOR Drainage Services (Water and Sewer Servicing 780-496-5444).
- The existing services (water and sanitary) enter the proposed subdivision approximately 1.3 m west of the east property line of Lot 26A off 61 Avenue. As per the EPCOR Drainage Services Bylaw and the EPCOR Water Services and Wastewater Treatment Bylaw, these services cannot cross the proposed property line.

- There is an existing power pole and guy wire that may interfere with access to the proposed Lot 26B. Subdivision Planning recommends that the applicant/owner contact EPCOR Distribution & Transmission to confirm whether this pole will inhibit alley access to the site, which may result in a delay with the issuance of the Development Permit. Contact EPCOR Customer Engineering Services for more information (ces@epcor.com or 780-412-3128).
- Overhead power lines are located on or adjacent to the subject site. It is important to prevent structural conflicts with electrical equipment. At the Development Permit stage, power poles, transformers, and other electrical equipment near the subject site must be included on all site plans and drawings. If a structure is greater than 5.5 m in height and has a setback of 4.5 m or less from the property line, please advise EPCOR Power's Customer Engineering Services (CES@epcor.com or 780-412-3128). They will provide feedback from a safety perspective, to help ensure Alberta Electrical Utility Code clearance requirements are achieved. For more information, refer to EPCOR Power's website at www.epcor.com (search "Building Structures and Power Equipment Clearances").
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).

RE: Tentative plan of subdivision to create separate titles for a semi-detached dwelling from Lot 23, Block 2, Plan 1389 HW, located south of 77 Avenue NW and west of 87 Street NW; **KING EDWARD PARK**

The Subdivision by Plan is APPROVED on April 18, 2024, subject to the following conditions:

1. that the owner enter into a Servicing Agreement with the City of Edmonton for the payment of the applicable drainage assessments, pursuant to Section 655 of the Municipal Government Act (contact development.coordination@edmonton.ca);
2. that the owner make satisfactory arrangements with EPCOR Water Services Inc. and EPCOR Drainage Services for the provision of separate services (water and sewer) to the proposed west lot; and
3. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

Enclosure I is an attachment of the major advisements throughout the subdivision process. Enclosure II is a map of the subdivision and identifies major conditions and advisements of this approval.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that the Subdivision Authority will not endorse the plan of subdivision or other instrument until the appeal period as prescribed by the Municipal Government Act has lapsed. An appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

RE: Tentative plan of subdivision to create one (1) additional residential lot from Lots 3-4, Block 8, Plan 1131 HW, located north of 103 Avenue NW and west of 147 Street NW; **GROVENOR**

The Subdivision by Plan is APPROVED on April 18, 2024, subject to the following conditions:

1. that the owner apply for a permit to demolish the existing dwelling and garage prior to endorsement of the final plan. Demolition permits can be obtained from Development Services. Apply online at www.edmonton.ca/permits; and
2. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

Enclosure I is an attachment of the major advisements throughout the subdivision process. Enclosure II is a map of the subdivision and identifies major conditions and advisements of this approval.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that the Subdivision Authority will not endorse the plan of subdivision or other instrument until the appeal period as prescribed by the Municipal Government Act has lapsed. An appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

The Subdivision Authority received comments from adjacent landowners and community members. The application complies with the regulations set out in the Edmonton Zoning Bylaw, the land is serviceable, and the proposal advances a more compact urban form. The Subdivision Authority is of the opinion, after considering factors set out in Section 9 of the Matters Related to Subdivision and Development Regulation and the comments from adjacent landowners, that the land is suitable for the purpose for which the subdivision is intended.

If you have further questions, please contact subdivisions@edmonton.ca.

Regards,

Blair McDowell
Subdivision Authority

BM/mc/Posse #504101122-001

Enclosures

Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$715.00 - 2024 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

- There are existing boulevard trees adjacent to the site that must be protected during construction. For information about tree protection please refer to the City of Edmonton's website (search "Trees and Construction").
- Any and all costs associated with tree work requests (removal, pruning or other) and/or remediation from damages are borne on to the proponent as per the Corporate Tree Management Policy (C456C). All work is to be carried out by Urban Forestry who can be contacted at citytrees@edmonton.ca. Removal of City of Edmonton trees must follow the Live Tree Removal Guidelines which include community notice and value compensation.
- Access for future development must be to the adjacent alley as per the General Regulations (Section 6.1) in the 2.10 RS - Small Scale Residential Zone of Zoning Bylaw 20001.

Building / Site

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

Servicing

- The owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Real Estate Division [Rights of Way] 780-508-2456), ATCO Gas (780-424-5222), and EPCOR Drainage Services (Water and Sewer Servicing 780-496-5444).
- The existing services (water and sanitary) enter the proposed subdivision approximately 6.87 m south of the north property line of Lot 4 off the lane. As per the EPCOR Drainage Services Bylaw and the EPCOR Water Services and Wastewater Treatment Bylaw, these services cannot cross the proposed property line.
- There is a water main located within a laneway adjacent to the south property line of Lot 3. Any party proposing construction involving ground disturbance to a depth exceeding 2.0 m is required to enter into a Facility Proximity Agreement with EPCOR Water, prior to performing the ground disturbance. Please contact waterlandadmin@epcor.com with your request or for more information.
- There is an existing power pole and guy wire that will interfere with access to the proposed Lot 3A. Subdivision Planning highly recommends that the applicant/owner initiate the relocation of the power pole/guy wire with EPCOR Distribution & Transmission as soon as possible, as this

pole will inhibit alley access to the site and will result in a delay with the issuance of the Development Permit. Contact EPCOR Customer Engineering Services for more information (ces@epcor.com or 780-412-3128).

- Overhead power lines are located on or adjacent to the subject site. It is important to prevent structural conflicts with electrical equipment. At the Development Permit stage, power poles, transformers, and other electrical equipment near the subject site must be included on all site plans and drawings. If a structure is greater than 5.5 m in height and has a setback of 4.5 m or less from the property line, please advise EPCOR Power's Customer Engineering Services (CES@epcor.com or 780-412-3128). They will provide feedback from a safety perspective, to help ensure Alberta Electrical Utility Code clearance requirements are achieved. For more information, refer to EPCOR Power's website at www.epcor.com (search "Building Structures and Power Equipment Clearances").
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).

RE: Tentative plan of subdivision to create one (1) additional residential lot from Lot 20, Block 2, Plan 2831 HW, located south of 80 Avenue NW and east of 119 Street NW; **BELGRAVIA**

The Subdivision by Plan is APPROVED on April 18, 2024, subject to the following conditions:

1. that, due to the central location of the storm service, the owner's surveyor will be required to provide a drawing of the existing service based on a utility locate of the storm service at the property line. Subsequent to that measurement, the property line shall either be deflected or the storm service shall be relocated;
2. that the owner apply for a permit to demolish the existing dwelling and garage prior to endorsement of the final plan. Demolition permits can be obtained from Development Services. Apply online at www.edmonton.ca/permits; and
3. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

Enclosure I is an attachment of the major advisements throughout the subdivision process. Enclosure II is a map of the subdivision and identifies major conditions and advisements of this approval.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that the Subdivision Authority will not endorse the plan of subdivision or other instrument until the appeal period as prescribed by the Municipal Government Act has lapsed. An appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

The Subdivision Authority did not receive comments from adjacent landowners. The application complies with the regulations set out in the Edmonton Zoning Bylaw, the land is serviceable, and the proposal advances a more compact urban form. The Subdivision Authority is of the opinion, after considering factors set out in Section 9 of the Matters Related to Subdivision and Development Regulation, that the land is suitable for the purpose for which the subdivision is intended.
