

## Construction Notice – 111 Street Lane Reductions near 12 Avenue

Beginning **on/around July 2**, Leducor, the Design-Build contractor for the project, will close one northbound and one southbound lane near the intersection of 111 Street and 12 Avenue. These closures are necessary for drainage maintenance and ongoing roadway construction. These closures will be in place for approximately three weeks (along with the current **full closure** of 12 Avenue east of 111 Street). Motorists will continue to be detoured to 9 Avenue.

Please refer to the map below for details.

**Map 1: Lane reductions on 111 Street near 12 Avenue (and full closure of 12 Avenue east)**

## What to Expect

### Traffic Impacts

- One through lane in each direction will be maintained on 111 Street within the construction areas.
- One dedicated left turn lane on 111 Street at 12 Avenue (westbound) will be open.
- Motorists will be unable to use 12 Avenue east, and will be detoured to 9 Avenue.

- Bus stop 4864 will be temporarily closed during this period. Bus stop 4106 (9 Avenue) will remain open.

#### Pedestrian Detour

- Pedestrians and cyclists travelling north-south can use the crosswalk on the west side of 111 Street.
- East-west crosswalks will alternate closures, ensuring one remains open at all times, with proper detour signage to ensure safety around the work zone.

#### Other Impacts

- The speed limit on 111 Street approaching the work zones will be reduced to 40 km/h in both directions.
- Efforts will be made to minimize noise, vibration and dust. Mitigation measures will be implemented to monitor and reduce these impacts.
