LRT Expansion & Renewal

Construction Notice

Long weekend closure of 111 Avenue at 106 Street for track rehabilitation

From **May 16-20**, crews will conduct at-grade crossing track rehabilitation at 111 Avenue and 106 Street to address aging infrastructure and improve the longevity of the City's LRT system.

During the work, the intersection at 111 Avenue and 106 Street will be **closed** to vehicle traffic and the LRT from 8 p.m. on Friday, May 16, to 4:30 a.m. on Tuesday, May 20, allowing crews to expedite work on the LRT track and mitigate long-term construction impacts to the public. The shared-use path adjacent to the intersection will remain open during the intersection closure and flaggers will be present to assist pedestrians and cyclists through the area.

ETS Information:

- From **May 16 to 19**, the Metro Line will not be running north of Kingsway/Royal Alex LRT station as crews perform track rehabilitation at 111 Avenue and 106 Street.
- <u>LRT replacement bus service</u> will run from NAIT/Blatchford Market and Kingsway/Royal Alex LRT stations every 20 minutes for the entire weekend. Capital Line and Valley Line Southeast trains will continue to run on their regular weekend schedule.
- Riders are able to access the following LRT stations via the Capital Line: Churchill, Central, Bay/Enterprise Square, Corona, Government Centre, University and Health Sciences/Jubilee. Riders will still be able to access MacEwan station using the Metro Line.
- Routes 3, 102, 111, 560 & 903 will be on detour during the work. Routes 3 (Stadium) and 111 (Riverdale) will also see a change to their bay at Kingsway Transit Centre. More information is available on our <u>Detours page</u>.

Regular LRT maintenance and renewal projects are an important part of providing a safe, reliable and efficient service. We appreciate everyone's patience and understanding while this project is completed.
