

April 2025

99 Street Streetscaping and Waterproofing

The 99 Street Streetscaping and Waterproofing project will enhance 99 Street between Jasper Avenue and 102 Avenue. The project will include a new bike lane, improved streetscape and a new waterproof membrane in the underground Stanley Milner Library parkade and The Westin Pedway. The project also includes the streetscaping of Judy Padua Way. **Construction is expected to begin at the end of April and be completed at the end 2026.**

Construction Details

Construction will be completed in seven phases to ensure Churchill Square remains accessible for all users. In 2025, Phase 1 and 2 construction on 99 Street from the north of Judy Padua Way to 102 Avenue will include:

- Asphalt and concrete removal
- New waterproof membrane for Stanley Milner Library parkade and The Westin Hotel Pedway
- Improved streetscaping on 99 Street between Jasper Avenue and 102 Avenue, and Judy Padua Way
- New protected bike lane on 99 Street between Jasper Avenue and 102 Avenue
- Rehabilitation of the Clock Tower Plaza located in front of the Westin Hotel

Phases 3-7 are expected to begin construction in 2026 and will include continued streetscaping and waterproofing work on 99 Street, Clock Tower Plaza and Judy Padua Way. Additional details will be shared as construction progresses.

Access

- Centennial Plaza will remain accessible to the public
- A minimum of one access and exit for the Stanley A. Milner Library parkade will be maintained
- 99 Street access to the library parkade will be closed
- 100 Street access will be maintained
- Portions of the first level of the library parkade will be unavailable for parking and the northeast pedestrian access to the parkade will be temporarily closed on 99 Street
- The bike lane on 99 Street south of 102 Avenue will be closed for the duration of the project
