

Construction Notice – 9 Avenue East Closure

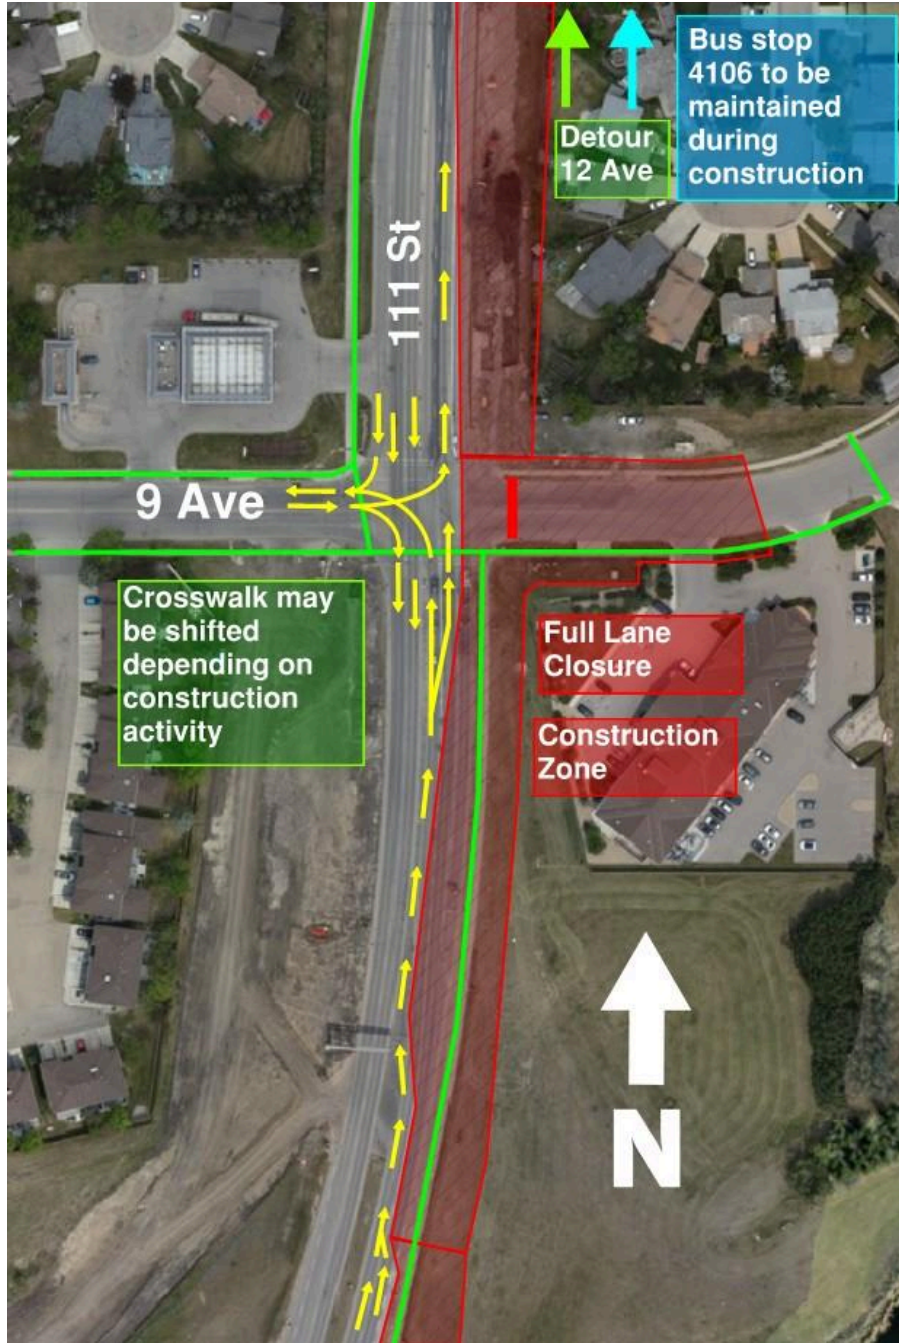

Beginning **on/around September 1**, Ledcor, the Design-Build contractor for the project, will **close 9 Avenue east of 111 Street**. This closure is necessary for drainage work and ongoing roadway construction to accommodate the LRT. The closure is expected to last approximately one-to-two months. During this closure, motorists can detour to 12 Avenue.

9 Avenue east will not close until 12 Avenue east reopens (anticipated to reopen at the end of August), ensuring one neighbourhood access is open at all times.

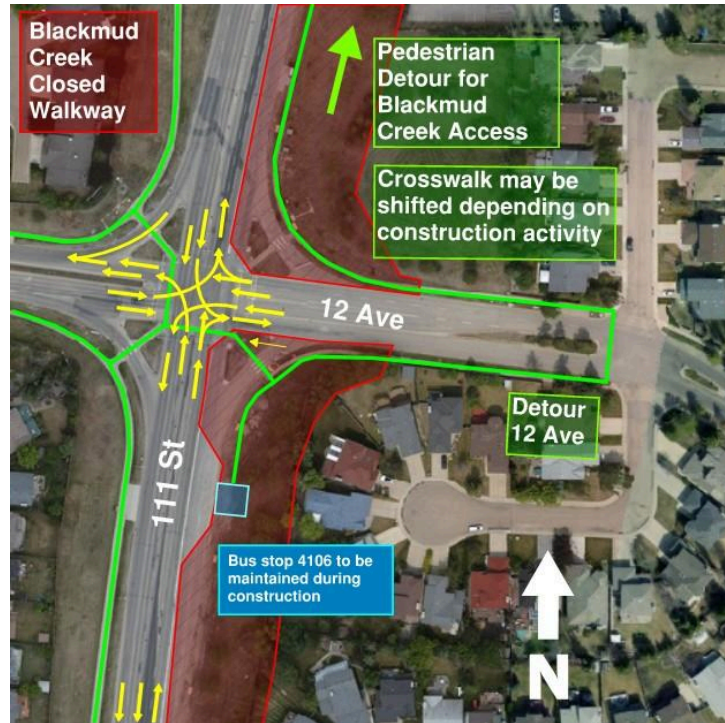

We apologize for the inconvenience this work may cause, and thank residents, businesses and motorists for their patience. Please leave yourself extra travel time, especially as schools return in early September.

Please refer to the maps below for details about the upcoming 9 Avenue east closure.

Map 1: 9 Avenue east closure

Map 2: 12 Avenue Detour and Bus Stop Access

What to Expect

Traffic Impacts

- Motorists will be unable to turn from 111 Street onto 9 Avenue east, and will be detoured to 12 Avenue.
- Motorists will be unable to access 111 Street from 9 Avenue east.
- Dedicated left-turning lanes will be open for northbound traffic turning left onto 9 Avenue and 12 Avenue.
- Northbound traffic will be reduced to one lane from south of 9 Avenue to 12 Avenue.
- Bus stop 4106 will remain open south of 12 Avenue.

Pedestrian Detour

- Pedestrians and cyclists travelling northbound and southbound can use the crosswalk on the west side of 111 Street.
- Crosswalk closures may alternate, ensuring one remains open at all times, with proper detour signage to ensure safety around the work zone.

Other Impacts

- The speed limit on 111 Street approaching the work zones will be reduced to 40 km/h in both directions.

- Efforts will be made to minimize noise, vibration and dust. Mitigation measures will be implemented to monitor and reduce these impacts.
