

# Providing Single-use Items to Drive-thru Customers

.....

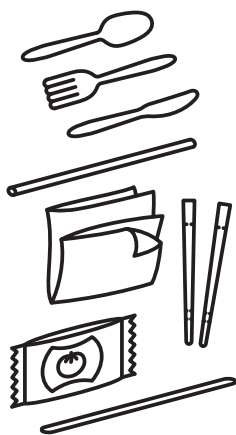

Ask these questions every time:

**Do you need a bag for 25¢?**

If the customer needs a bag, include each bag as a separate item on the receipt.

If the customer does not need a bag, follow your restaurant's procedure to provide the order to the customer.

**Do you need:**  
Cutlery/chopsticks

Straws

Napkins

Condiment packets

Stir sticks

**Although not mandatory, accepting customer reusable cups is encouraged.**
