Imagine Jasper Avenue Phase 2

Construction on Jasper Avenue between 114 Street and 117 Street will begin the week of April 28, marking the start of Phase 2 of the Imagine Jasper Avenue project. Over the next three years, Phase 2 will involve staged reconstruction of Jasper Avenue from 114 Street to 124 Street. Work on the 114 Street to 117 Street segment is expected to finish by the end of 2025, followed by 117 Street to 121 Street in 2026, and 121 Street to 124 Street in 2027. The City has been coordinating with EPCOR utility work, waterline and power line relocation which is anticipated to be completed in 2026.

The Imagine Jasper Avenue project will enhance the avenue with vibrant streetscaping and address deteriorating road conditions to ensure the continued safety of those who drive, walk, cycle and roll.

Year 1 Construction Details (2025) 114 to 117 Street:

- Full removal and reconstruction of sidewalks and roadways.
- Upgraded landscaping, street furniture and pedestrian lighting.
- Installation of new storm sewers, traffic signals and street lighting.
- Wider sidewalks to support local businesses, active transportation and accessibility for those who walk, cycle and roll.

Access

- One lane of traffic in each direction will be maintained. Please watch for signage.
- While sidewalk construction is underway, pedestrians will detour to the opposite side of the avenue.
- During construction, no parking will be permitted along Jasper Avenue between 114 Street to 117 Street.
- Local access and access to businesses will be maintained, where possible.
- Emergency access will be maintained at all times.

If you have special access requirements, such as DATS, please advise the contact person listed below as soon as possible.
