◆ Video Tutorials

[City of Edmonton - Buying and Invoicing Functional Training](#) for information on configuring Ariba Network account, creating and submitting order confirmation and invoices, etc. This video is broken into different chapters/topics for quick navigation.

[Confirm Purchase Order](#) information on how suppliers create order confirmation in Ariba

[Invoice submission against material PO](#) for information on how suppliers submit an Invoice for material Invoice

[Create Invoice \(auto-generate SES\) against 100% planned lines](#) for information on how suppliers submit an Invoice (auto- generate Service Sheet) with child line items

[Create Invoice \(auto-generate SES\) against unplanned Purchase Order](#) for information on how suppliers submit an Invoice against service Invoice without a child line item

What is Ariba Network

Ariba Network is the ordering and invoicing side of Ariba. SAP Ariba enabled suppliers receive Purchase Orders (PO's), create invoices, and receive payment information from the City of Edmonton.

Types of Ariba Network Account

Standard Account

Standard Account provides basic functionality and is free at no charge to suppliers.

- Provides transaction functionality through interactive emails.
- Suppliers have access to online help support.
- Suppliers have the option to upgrade to an Enterprise account any time.

Enterprise Account

Enterprise Account is fee-based, but **suppliers DO NOT pay a fee to transact with the City of Edmonton. These transaction fees are covered by the City of Edmonton.**

An Enterprise Account provides enhanced functionality to suppliers. Some of the key features available for suppliers are:

- Supplier-managed catalogs.
- Centralized supplier dashboard to view all documents (eg. PO and Invoices).
- Ability to run reports.
- 24/7 priority customer support from Ariba.

Two Types of Purchase Order Payment Terms

1. 3-Way Match

3-Way Match suppliers receive PO's and Invoice in Ariba. Payment follows a three-way match between Purchase Order (PO), Goods Receipt (GR), and Invoice Receipt (IR). Your contract or Terms & Conditions with the City of Edmonton will specify net payment terms. If you have questions regarding this, please reach out to your City of Edmonton Buyer directly.

2. Holdback

Suppliers receive PO's and Invoice in Ariba. If the Invoice is subject to a percentage holdback or retainage (Eg. 10% holdback), the base amount will be released before the holdback portion. Holdbacks are specified as per your contract with the City of Edmonton. If you have questions regarding this, please reach out to your City of Edmonton Buyer directly.

Considering that these two types of payment terms and that the invoice process for **Material Purchase Orders** and **Service Purchase Orders** are significantly different, we provide instructions on how to upload the following two types of invoice:

- Material Purchase Orders (Standard/ Enterprise)
- Service Purchase Orders (Standard/ Enterprise)

How to Create an Order Confirmation

Step 1. Find the Purchase Order on the Ariba Network

- Please note that if you are searching for your Purchase Order on your Ariba workbench, most workbench tiles are defaulted to the **Last 31 Days**. If your Purchase Order was created outside of the date range it will not be visible. Please *edit the filter* to expand the date range or *search by* specific Purchase Order number.

***NOTE:** *If you have a **Standard account** and this is your first time receiving and processing a Purchase Order from the City of Edmonton using Ariba, please find the email notification about the Purchase Order in your email inbox and click the "Process Order" button/link to log into your account and view the order details.*

Step 2. Create Order Confirmation OR Reject the Order

2.1 Select "**Confirm Entire Order**" to confirm **all orders** listed on the PO.

Training Guide for Suppliers

Purchase Order: 2200003758

- 2.1.1 Enter a Confirmation Number which is any number you wish to use to identify the order confirmation.
- 2.1.2 If you specify Est. Shipping Date or Est. Delivery Date information, these dates will be applied for all line items.
- 2.1.3 Click **"Next"** when finished
- 2.1.4 Review the order confirmation and click **"Submit"**

2.2 Select **"Update Line Items"** to confirm the order **partially** and to set the status of each line item.

Purchase Order: 2200003758

- 2.2.1 Fill in the requested information (the same as the Confirm All option).
- 2.2.2 Scroll down to view the line items and choose among possible values:
 - **Confirm** – You received the PO and will send the ordered Items.
 - Enter the quantity confirmed in the Confirm field.
 - Click **"Details"** to enter Comments and Estimated Shipping and Delivery Dates for the confirmed items on the Status Details page.

Line #	Part # / Description	Type	Qty (Unit)	Need By	Unit Price	Subtotal	Tax
1	Malus Collett The Collett apple (Malus Collett) is light green in colour covered with red stripes, with a diameter of 6-8cm.	Material	10 (EA)	24 Dec 2022	\$35.00 CAD	\$350.00 CAD	\$17.50 CAD
<p>Current Order Status</p> <p><input checked="" type="radio"/> 10 Unconfirmed</p> <p>Confirm: <input type="text"/> Backorder: <input type="text"/> Details ⓘ</p> <p>Reject All ⓘ</p>							

- Click **"OK"**.
- ***NOTE:** If using several statuses for a line item, the sum of the quantities for the statuses should equal the line item quantity.
- Click **"Next"**.

- **Backorder** – Items are backordered. *Once they are available in stock, generate another order confirmation to set them to confirm.*
 - Enter the quantity backordered in the Backorder field.
 - Click **“Details”** to enter Comments and Estimated Shipping and Delivery Dates for the backordered items on the Status Details page

- Click **“OK”**
 - *NOTE:** *If using several statuses for a line item, the sum of the quantities for the statuses should equal the line item quantity.*
- Click **“Next”**

- **Reject All** - You are rejecting the ordered items.

- Click **“Reject All”**.
- Enter a reason why these items are rejected in the Comments field.

- 2.2.3 Continue to update the status for each line item on the PO. Once finished, click **“Next”** to proceed to the review page.
- 2.2.4 Review the order confirmation and click Submit. Your order confirmation is sent to the City of Edmonton.
 - *NOTE:** *The Order Status will display as Partially Confirmed if items were backordered or not fully confirmed.*
- 2.2.7 Click **“Done”** to return to the PO details

2.3 Select **“Reject Entire Order”** to reject all orders listed on the PO.

Training Guide for Suppliers

Create Order Confirmation ▼ Create Ship Notice Create Invoice ▼
 Confirm Entire Order
 Update Line Items history
 Reject Entire Order

2.3.1 Enter Confirmation #, Reason for Rejection, and Comments.

How to Create an Advance Shipment Notice

Step 1. Create Ship Notice using your Ariba account once items are shipped

- Click **“Create Ship Notice”**.

Purchase Order: 2200003758
 Create Order Confirmation ▼ Create Ship Notice Create Invoice ▼
 Order Detail Order History

- Click **“Update Address”**.

Create Ship Notice
 * Indicates required field
 SHIP FROM
 K FIT Supplier 1 VN-TEST
 edmonton AB
 Canada Update Address

- View/Edit **‘Ship from’** information. Also confirm that the **‘Deliver to’** information is correct then click **“Ok”**.

***Note:** Any field with an asterisk (*) is required.

VIEW / EDIT ADDRESSES

* Indicates required field

<p>SHIP FROM</p> <p>Name: <input type="text" value="K FIT Supplier 1 VN-TEST"/></p> <p>Department Name: <input type="text"/></p> <p>ADDRESS</p> <p>Address 1: <input type="text" value="9A 100 St NW"/></p> <p>Address 2: <input type="text"/></p> <p>Address 3: <input type="text"/></p> <p>City: <input type="text" value="edmonton"/></p> <p>Province: <input type="text" value="Alberta [CA-AB]"/></p> <p>Postal Code: <input type="text" value="T5J 0N6"/></p> <p>Country/Region: <input type="text" value="Canada [CAN]"/></p> <p><small>This selection will refresh the page content</small></p>	<p>DELIVER TO</p> <p>Name: <input type="text" value="Corporate Services"/></p> <p>Department Name: <input type="text"/></p> <p>ADDRESS</p> <p>Address 1: <input type="text" value="5710 86 Street"/></p> <p>Address 2: <input type="text"/></p> <p>Address 3: <input type="text"/></p> <p>City: <input type="text" value="Edmonton"/></p> <p>Province: <input type="text" value="Alberta [CA-AB]"/></p> <p>Postal Code: <input type="text" value="T6E 2X3"/></p> <p>Country/Region: <input type="text" value="Canada [CAN]"/></p> <p><small>This selection will refresh the page content</small></p>
---	--

Step 2. Fill out the requested information on the shipping PO form

- Enter the **packing slip ID** which is any number you use to identify the Ship Notice; pick a delivery date, then choose **Carrier**.

Ship Notice Header

<p>SHIPPING</p> <p>Packing Slip ID: <input type="text"/></p> <p>Invoice No.: <input type="text"/></p> <p>Requested Delivery Date: --</p> <p>Ship Notice Type: <input type="text" value="Select"/></p> <p>Shipping Date: <input type="text"/></p> <p>Delivery Date: <input type="text"/></p> <p>Gross Volume: <input type="text"/></p> <p>Unit: <input type="text"/></p>	<p>TRACKING</p> <p>Carrier Name: <input type="text"/></p> <p>Service Level: <input type="text"/></p>
--	---

- Select the appropriate carrier name.
- Enter the **Tracking number** and select the **Shipping Method**.
- Click on the **Delivery Terms** and pick an appropriate option from the drop-down. You can give a brief description of the delivery and transport terms.

Step 3. View filled information and submit Ship Notice

- View line item(s) information and update the quantity shipped for each line item.

How to Upload an Invoice

1. **Material Purchase Order** (Standard/Enterprise)

[\(1:53 minutes video demonstration\)](#)

Step 1. Find the Purchase Order on the Ariba Network

- Please note that if you are searching for your Purchase Order on your Ariba workbench, most workbench tiles are defaulted to the **Last 31 Days**. If your Purchase Order was created outside of the date range it will not be visible. Please *edit the filter* to expand the date range or *search by* specific Purchase Order number.

***NOTE:** If you have a **Standard account** and this is your first time receiving and processing a Purchase Order from the City of Edmonton using Ariba, please find the email notification about the Purchase Order in your email inbox and click the "Process Order" button/link to log into your account and view the order details.

Step 2. Create Invoice > Standard Invoice

Step 3. Header Information

- **Supplier Contact**
Make sure the contact info is filled in. Please notify your City of Edmonton Buyer if it is not.

Training Guide for Suppliers

- Invoice Number

Type in the number - please note this number **must** match the number on the pdf Invoice submitted as attachment.

Purchase Order: 2200003624

Invoice #:*

Please note the Invoice number must also be unique to the system. You cannot re-use Invoice numbers as this will cause an error or rejection in the system. Ariba only allows numbers and letters. Please omit any special characters or spaces.

- Invoice Date

This date should be the date stated on your pdf Invoice submitted as an attachment. (not the date the Invoice is uploaded in Ariba.).

Invoice Date:* 28 Oct 2022

- Supplier Tax ID

A 9-digit numerical ID that matches the information in the system. **Please do not include RT.** Note that your pdf Invoice must have the same GST # that is entered into the City of Edmonton system. If you need to update this information, please email suppliermanagement@edmonton.ca.

Supplier Tax ID:*

If you are a **non-Canadian company**, please enter “**NON-RGSTRT**” in all capital letters.

Step 4. Attach a pdf version of the Invoice

- Please make sure to attach the pdf of the Invoice.
- Invoice file name **must not** have any special characters.
- All information on the pdf version of the Invoice must match the information on the electronic Invoice entered into Ariba.

Choose File No file chosen Add Attachment

Training Guide for Suppliers

Step 5. Please select which PO line items to include/exclude in the Invoice and with what quantity. If you have questions about the line items, please contact your City of Edmonton Buyer

The screenshot shows the 'Insert Line Item Options' form with three line items. Each line item has an 'Include' button highlighted in yellow. The form includes fields for Tax Category, Shipping Documents, Special Handling, and Discount. The 'Add to Included Lines' button is visible in the top right corner.

No.	Include	Type	Part #	Description	Customer Part #	Quantity	Unit	Unit Price	Subtotal
1	<input checked="" type="checkbox"/>	MATERIAL		Item 1		10	CT	\$95.23 CAD	\$952.30 CAD
2	<input checked="" type="checkbox"/>	MATERIAL		Item 2		15	EA	\$8.32 CAD	\$124.80 CAD
3	<input checked="" type="checkbox"/>	MATERIAL		Item 3		15	BX	\$22.42 CAD	\$336.30 CAD

- Select from existing line item(s) listed in the PO. Click on the green button under “Include” to exclude line item(s) for invoicing.
- Quantity can be updated to send a partial Invoice.

Step 6. Add Tax information to the included lines

Option 1:

The screenshot shows the 'Insert Line Item Options' form with annotations 1-4. Annotation 1 points to the 'Include' checkbox, 2 to the 'Tax Category' dropdown, 3 to the 'Add' button, and 4 to the 'Add to Included Lines' button. The form includes fields for Tax Category, Shipping Documents, Special Handling, and Discount.

Option 2:

The screenshot shows the 'Insert Line Item Options' form with annotations 1-4. Annotation 1 points to the 'Include' checkbox, 2 to the 'Line Item Actions' dropdown, 3 to the 'Tax' dropdown, and 4 to the 'Tax Category' dropdown. The form includes fields for Tax Category, Shipping Documents, Special Handling, and Discount.

- Make sure that the taxes are applied to each line item.
- The total of the taxes should match the total taxes on the attached pdf Invoice.
- If the tax information is not auto-populated, please only click “Add to Included Lines” **once**.

Training Guide for Suppliers

- The system will calculate base amount total, and taxes based on the information entered.

i. Tick the **Tax Category** box, and select the Tax type
 ii. Click **Add to Included Lines**

Insert Line Item Options

✓ Tax Category: 5% Add to Included Lines

- Make sure the total amounts indicated in Ariba match the total amounts on the pdf Invoice.

Base Amount:	\$30,187.85 CAD
Discount:	\$0.00 CAD
Charge:	\$0.00 CAD
Tax:	\$1,509.39 CAD
Payable To Supplier:	\$31,697.24 CAD

***NOTE:** If you are a non-Canadian or tax-exempt organization, you will still be required to add a line for tax with 0%.

Step 7. Submit the Invoice

- If your invoice is submitted correctly, and once the goods have been received by the City of Edmonton, you will receive payment within the associated net payment terms.

2. **Service Purchase Order** (Standard/Enterprise)

[\(2:24 minutes video demonstration\)](#)

Step 1. Find the Purchase Order on the Ariba Network

- Please note that if you are searching for your Purchase Order on your Ariba workbench, most workbench tiles are defaulted to the **Last 31 Days**. If your Purchase Order was created outside of the date range it will not be visible. Please edit the filter to expand the date range or search by specific Purchase order number.

***NOTE:** If you have a **Standard account** and this is your first time receiving and processing a Purchase Order from the City of Edmonton using Ariba, please find the email notification about the Purchase Order in your email inbox and click the "Process Order" button/link to log into your account and view the order details.

- Find and copy the name and email of the Service Entry Sheet (SES) approver in the comments section. If you are unsure who the SES approver is and this information is not present, please contact your City of Edmonton Buyer.

Step 2. Create Invoice > Standard Invoice

Create Order Confirmation ▼ Create Ship Notice Create Service Sheet **Create Invoice ▼**

Order Detail Order History

- Standard Invoice
- Line-Item Credit Memo
- Line-Item Debit Memo

Training Guide for Suppliers

- Do **NOT** create a Service Sheet manually. The system will auto-generate a Service Sheet. **Step 3. Header Information**
- Supplier Contact
Make sure the contact info is filled in. Please notify your City of Edmonton Buyer if it is not.
- Invoice Number
Type in the number - please note this number **must** match the number on the pdf Invoice submitted as attachment.

Purchase Order: 2200003624

Invoice #:*

Please note the Invoice number must also be unique to the system. You cannot re-use Invoice numbers as this will cause an error or rejection in the system. Ariba only allows numbers and letters. Please omit any special characters or spaces.

- Invoice Date
This date should be the date stated on your pdf Invoice submitted as an attachment, **NOT** the date the Invoice is uploaded in Ariba.

Invoice Date:* 28 Oct 2022 

- Supplier Tax ID
A 9-digit numerical ID that matches the information in the system. **Please do not include RT.** Note that your pdf Invoice must have the same GST # that is entered into the City of Edmonton system. If you need to update this information, please email suppliermanagement@edmonton.ca.

Supplier Tax ID:*

If you are a **non-Canadian company**, please enter “**NON-RGSTRT**” in all capital letters.

- Service Period, select Service Start and End date

Service Start Date:* 

Service End Date:* 

- Service Entry Sheet Approver
Type in the name and email address of the Approver from the City of Edmonton as identified

Training Guide for Suppliers

in *Step 1* (Service Entry Sheet approver).

Approver

Name: *

Email: *

Phone: CAN 1

Step 4. Attach a pdf version of the Invoice

- Please make sure to attach the pdf of the Invoice.
- Invoice file name **must not** have any special characters.
- All information on the pdf version of the Invoice must match the information on the electronic Invoice entered into Ariba.
- Make sure the pdf Invoice contains all mandatory information.

Step 5. Select which PO service line items to include/exclude in the Invoice. If you have questions about the line items, please contact your City of Edmonton Buyer

5.1 Purchase Order **with 100% Planned Line Items**, select which to include in the Invoice and with what quantity.

<input type="checkbox"/>	Type ↓	No.	ReqID	Qty	Unit	Description	Supplier Part Number	Price	Amount
<input type="checkbox"/>		1				DEVELOPMENT DESIGN - King Edward Park			\$7,490.17 CAD
<input type="checkbox"/>		1000100010		4.750	each	Dev Design Phase 1 Disb		\$1.00 CAD	\$4,750.00 CAD Fx
<input type="checkbox"/>		1000100020		2,740.17	each	Dev Design Disbursements		\$1.00 CAD	\$2,740.17 CAD Fx

- Select from existing services listed in the PO (**Do not** add a new service).
- Enter the amount as quantity, not price.
- The amount entered should be the base amount **before** GST/Tax.

Training Guide for Suppliers

- Holdback: If the Invoice is subject to a percentage holdback or retainage (Eg. 10% holdback), please enter the base amount **before** holdback. The system will auto-calculate the retainage when the payment is issued.
- **Do not** change the description of the service.
- **Do not** change the unit of measure.

5.2 Purchase Order **with No Line Items**, click on **"Add/Update"** button to add a child line

Line Items 0 Line Items, 0 Included, 0 Previously Fully Invoiced

Insert Line Item Options Tax Category: 9% GST / Taxable Purchases Discount Add to Included Lines

No.	No.	No.	Include	Type	Part #	Description	Customer Part #	Quantity	Unit	Unit	Unit Price	Subtotal
1						Service - Two way radio repairs						

Line Item Actions: Please DO NOT use the "Add" button for Service Invoices. Use the "Add/Update" button at item level instead.

***NOTE:** Use the "Add/Update" button located on the right side of the service group line (indicated in red on the image above). Do **NOT** use the "Add" button located at the bottom of the line items list. Selecting the "Add" button will create lines which are not automatically included on the service sheet(s) and the invoice will need to be rejected.

- Select Add General Service.
- Enter a description, quantity, unit, and unit price **excluding GST**.
- Click on the small checkbox to proceed to the next step and add tax.

No.	Include	Type	Part #	Description	Customer Part #	Quantity	Unit	Unit Price	Subtotal
1				Service - Two way radio repairs					
1	<input checked="" type="checkbox"/>	SERVICE		Two way radio repairs		1	ACT	\$200.00 CAD	\$200.00 CAD

Service Period: Service Start Date: [] Service End Date: []

Tax: Please DO NOT use the "Add" button for Service Invoices. Use the "Add/Update" button at item level instead.

Step 6. Add Tax information to the included lines

Option 1:

Insert Line Item Options Tax Category: 9% GST / Taxable Purchases Shipping Documents Special Handling Discount Add to Included Lines

No.	Include	Type	Part #	Description	Customer Part #	Quantity	Unit	Unit Price	Subtotal
1	<input checked="" type="checkbox"/>	MATERIAL		REGULATOR KIT,PRESSURE,MAC		15	EA	\$87.77 CAD	\$1,316.55 CAD

Pricing Details: Unit Conversion: 1 Price Unit: EA Price Unit Quantity: 1 Description:

Option 2:

- Make sure that the taxes are applied to each service item.
- The total of the taxes should match the taxes on the attached pdf Invoice.
- If the tax information is not auto-populated, please only click “Add to Included Lines” **once**.
- The system will calculate base amount total, and Taxes based on the information entered.

- Make sure the totals match the amount on the pdf Invoice.

***NOTE:** If you are a non-Canadian or tax-exempt organization, you will still be required to add a line for tax with 0%.

Non-Canadian companies must identify any services that were rendered in Canada on their invoice when submitting to the City of Edmonton (whether performed by the non-resident or if a subcontractor was hired to perform services on their behalf). If services were not performed in Canada, the invoice should state “Services were not performed in Canada.” If the breakdown is not shown on the invoice, then a 15% Non-Resident Withholding Tax (NRWT) will be deducted from the entire invoice. Only suppliers that supply a waiver letter from CRA will be exempt from this deduction.

Step 7. Submit the Invoice

- When the Invoice has been successfully submitted, the system will automatically generate the service entry sheet.
- The Service Entry Sheet gets forwarded to the the City of Edmonton SES Approver (as entered above) Project Managers for review and approval.

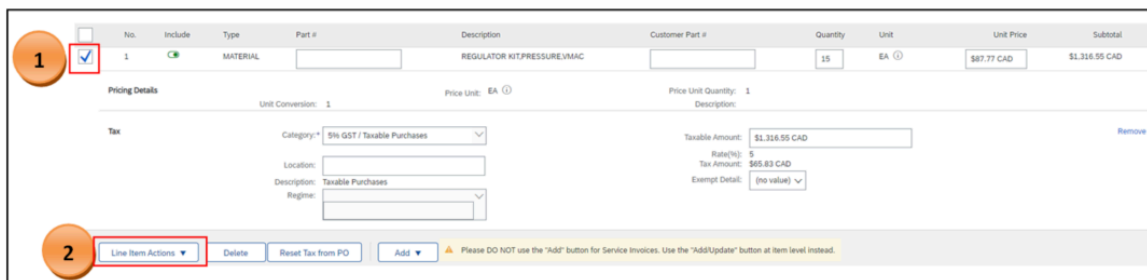

How to Add a Discount *(applicable for Material PO **only**)*

Step 1. Find the Purchase Order on the Ariba Network that you are needing to add a discount to

- Please note that if you are searching for your Purchase Order on your Ariba workbench, most workbench tiles are defaulted to the **Last 31 Days**. If your Purchase Order was created outside of the date range it will not be visible. Please edit the filter to expand the date range or search by specific Purchase Order number.

Note: If you have a **Standard account** and this is your first time receiving and processing Purchase Order from the City of Edmonton using Ariba, please find the email notification about the Purchase Order in your email inbox and click the “Process Order” button/link to log into your account and view the order details.

Step 2. Click the “**Line Item Actions**” button

Step 3. Select “**Discount**”

Step 4. Enter a discount amount (e.g. \$10)

Step 5. Click the “**Update**” button to calculate discount totals for the invoice.

- The discount percentage will automatically be populated.

Step 6. Click “**Next**”

Step 7. Click “**Submit**”

Training Guide for Suppliers

***NOTE:** To apply a discount on a service Purchase Order, please reach out to your buyer to adjust the line item value. Then submit the invoice with the discounted amount.

How to Upload a Credit Memo

Step 1. Find the previously submitted Invoice to which the credit will be applied

Click Workbench or Outbox > Invoices.

Step 2. Click the Invoice number hyperlink

Click Create Line-Item Credit Memo.

Invoice: 3897

Step 3. Select Quantity Adjustment

Step 4. Complete the information in the form for the Credit Memo (the amount and taxes will automatically be negative). Make sure that all the fields marked with an asterisk (*) are filled in.

- Credit Memo #
Type in the number, please note this number **must** match the number on the pdf Invoice submitted as an attachment.
- Credit Memo Date
This date should be the date stated on your pdf credit memo submitted as an attachment. (not the date the credit memo is uploaded in Ariba).
- Supplier Tax ID
A 9-digit numerical ID that matches the information in the system. Please do not include RT. Note that your pdf Invoice must have the same GST # that is entered into the City of Edmonton system. If you need to update this information, please email suppliermanagement@edmonton.ca.

Supplier Tax ID:*

- If you are a **non-Canadian company**, please enter “**NON-RGSTRT**” in all capital letters.

Training Guide for Suppliers

Step 5. Attach a **pdf** version of the Credit Memo.

- Please make sure to attach the pdf of the Invoice.
- Invoice file name **must not** have any special characters.
- All information on the pdf version of the Invoice must match the information on the electronic Invoice entered into Ariba.
- Make sure the pdf Invoice contains all mandatory information

Step 6. Line Items, select which to include/exclude in the credit memo and with what quantity.

Step 7. Update the Quantity (e.g. -1) for quantity adjustment **OR** Decrease in Unit Price (e.g. \$-5.00) for Price Adjustment

Quantity	Unit	
-1	EA ⓘ	
Unit Price	Decrease in Unit Price	Subtotal
\$167.46 CAD	\$-5.00 CAD	\$-5.00 CAD

Step 8. Click Next

Step 9. Review Credit Memo

Step 10. Click Submit

- The Credit Memo will now need to be approved by the City of Edmonton Buyer.

***NOTE:** if you are submitting a Credit Memo for a Service PO, you will receive a rejection from the City of Edmonton Accounts Payable team with comments stating that the Credit Memo will be processed outside of Ariba. You do **NOT** need to resubmit the credit memo.

Rejected Invoice

Invoices are rejected either automatically by the City of Edmonton's invoicing rules or manually by the City of Edmonton Buyer.

1. Review the Reason for Invoice Rejection

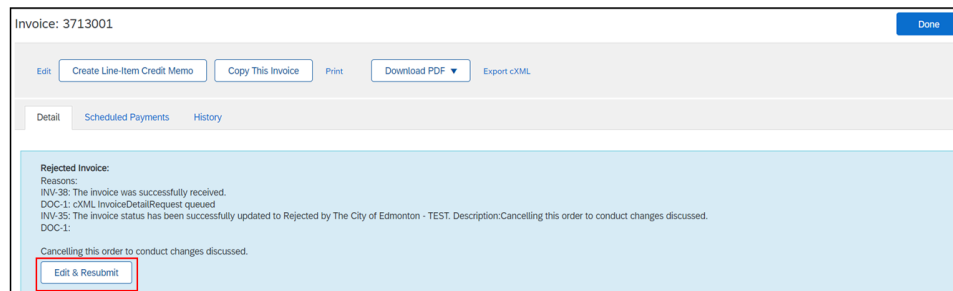

1.1 Invoice rejected by the City of Edmonton Buyer

Step 1. Click Workbench > Rejected Invoices.

Step 2. Click the Invoice number hyperlink

Step 3. The Invoice rejection notes appear across the top of the **Details** and **History** tabs of the Invoice

If you understand the Invoice rejection reason, you can edit and resubmit the Invoice to the City of Edmonton for payment. If you need more clarification, contact your City of Edmonton Buyer, they have the most accurate information on how to correct your Invoice.

Step 3. Supplier edits and resubmits their Invoice information as noted in the rejection note following the steps noted above.

1.2 Invoice automatically rejected by the City of Edmonton Invoice rules

Some Examples:

Error Msg 1. INV-25: The quantity of line item X exceeds the buying organization's quantity limits.

Cause: The Invoice line items quantity is greater than the Purchase Order (PO) line items quantity **OR** the Invoice amount exceeds the limit set by your City of Edmonton Buyer.

Resolution: To avoid this error, you must Invoice for quantities less than or equal to the PO line item quantity. You must contact the City of Edmonton Buyer if the quantity needs to be increased. An updated PO will be issued to you for invoicing.

Training Guide for Suppliers

Error Msg 2. DOC-20: The state of document [X] was changed to Failed after unsuccessful attempts to resend it.

Cause: Attached document's file name may contain a special character

Resolution: Rename the file name to exclude any special character, then resubmit the Invoice.

***NOTE:** An invoice that cannot be edited and resubmitted due to an error message shown below, indicates the Purchase Order (PO) has changed, and you must use the most recent version of the PO.

Edit & Resubmit

! You cannot edit or copy this invoice because the original purchase order is obsolete.

Key Contacts for SAP Ariba-Related Issues:

- **Purchase Order Inquiries** (e.g. pricing issue, missing line items, etc.) - please contact your **City of Edmonton buyer** directly. Their email address can be found in the Purchase Order details.
- **Technical Issue or Training Support** - please contact **Supplier Management Team** at suppliermanagement@edmonton.ca or leave a voicemail to 780-496-6499.
- **Ariba Account-Related Support** (e.g. create Account Hierarchy, transfer Account ownership, other account-related issues, etc.) please contact **SAP Ariba Customer Support** by using the Help icon on your Ariba Network Home page.
