ATTENTION: Mark Lawrence

Dear Mr. Lawrence:

RE: Tentative plan of subdivision to create one (1) additional rural residential lot from Lot 6A, Block 1, Plan 902 2286, located north of Ellerslie Road SW and west of 8A Avenue SW;  
**WINDERMERE**

---

**I The Subdivision by Plan be REFUSED on October 27, 2016, for the following reasons:**

1. the land use designation of the subject lot, as specified in Figure 5.0 - Development Concept of the Windermere Neighbourhood Structure Plan (NSP) (Bylaw 16472), is "Existing Country Residential. The subdivision does not comply with Section 3.1 - Development Goals of the Windermere NSP which states "The Windermere NSP aspires to [...] [p]rotect the existing character of country residential communities through appropriate urban design (i.e. transitional land use, site planning and design);"
2. the subdivision does not comply with Section 4.1.1 - Country Residential Estate of the Windermere NSP which states "Windermere, Windermere Ridge and Westpoint Estates comprise existing country residential estate development within the plan boundary. These areas run north to the southern boundary of the plan along the North Saskatchewan River Valley top-of-bank. These residences form part of this area's early history and are expected to remain country residential. They are not intended to be further subdivided;"
3. the zoning of the subject lot is (RR) Rural Residential Zone and is therefore subject to the regulations of Section 240 of the Edmonton Zoning Bylaw 12800. The subdivision does not comply with Section 240.1 of the Edmonton Zoning Bylaw 12800 which states "The RR Zone is intended to regulate rural residential development within existing rural residential subdivisions that existed prior to the passage of this Bylaw, and is not intended to facilitate future rural residential development and subdivision, which is contrary to the Municipal Development Plan;"
4. the subject lot is 0.52 ha and the proposed lots are 0.26 ha. Therefore, the subdivision does not comply with Section 240.4(1) of the Edmonton Zoning Bylaw 12800 which states "The minimum Site Area shall be 1.0 ha;" and

5. a storm and sanitary servicing report was identified as a requirement to review this subdivision. The required report was not provided. Therefore, City of Edmonton Drainage Planning and Engineering does not support the subdivision.

Please be advised that an appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 – 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be five (5) days from the date the decision is mailed.

If you have further questions, please contact Kyle Witiw at 780-442-4308 or [kyle.witiw@edmonton.ca](mailto:kyle.witiw@edmonton.ca).
