

NEIGHBOURHOOD DESCRIPTION

Lago Lindo is located in the Lakes District areas. The neighbourhood is located between 91 and 97 Streets, and north of 167 Avenue to 181 Avenue.

The principal land use in Lago Lindo is residential land, and single-detached homes account for almost all of the neighbourhood's dwelling units. Most of Lago Lindo's development occurred in the 1980s, although a few single detached homes were completed in early 1990s. A small commercial area is located on the eastern border of the neighbourhood along 91st Street, and major commercial amenities are available just west of the neighbourhood along 167th Avenue.

The community's educational and recreational facilities are located in the centre of the neighbourhood. A number of strategically placed pathways promote pedestrian and bicycle travel throughout Lago Lindo. To enhance this effect, pedestrian walkways surround and connect the two lakes. There is a landscaped buffer on the western boundary between the neighbourhood and 97 Street.

Neighbourhoods in the Lake District have names referring to lakes in different languages. The Lago Lindo neighbourhood name is derived from the Spanish language for "pretty lake". As well, the neighbourhood contains two lakes. Valencia Lake is named after a community in Spain, while Andorra Lake refers to a region in the Pyreneese Mountains on the northeast boundary of Spain.
