If IA Emergency Assistance is not contacted, you may receive inappropriate or unnecessary medical treatment which may not be included in this coverage or it may result in your medical expenses being denied, benefits being limited or cause a delay in the settlement of your claim.

Typically, the hospital will make every effort to contact the Emergency Assistance provider in the event that the individual is not medically able to initiate contact (e.g. in a coma).

In the event of a medical emergency, report the medical emergency to IA Emergency Assistance toll-free at **1-800-255-2008** within North America or collect at **0-305-865-8895** if **outside North America**.
