Re: Recommendations of District Naming Advisory
Committee.

The District Naming Advisory Committee wishes to have a number of recommendations placed before Council for their approval. The recommendations as to certain naming will be enumerated under the following discribed areas:

Area

- (a) Legal Sub-division Name - "Wellington" - "Wellington" is being recommended because Wellington Park is one of the legal sub-division names presently in use in this area. The Edmonton Public School Board are proposing the use of the Name Wellington for a school in this general area. This will also be the neighborhood unit name as there is only one neighborhood unit planned for this area.

No. 2 All that area bounded by the Fort Trail on the south and east to 66 Street on the west and the City Limits 137 Avenue on the north.

- (a) Legal Sub-division Name - "Belvedere" - "Belvedere" is being recommended because it is already in use and is suitable for a neighborhood unit name and for a school name in the area.

Area

No. 3 All that area east of the existing Terrace Heights to the City boundary, subdivision Hardisty, ie: 50 Street and bounded on the south by 101 Avenue, Highway 16 and by the North Saskatchewan River to the north.

- (a) Scenic Driveway and Roadway Names : Driveways and Roadways are only named where it is most difficult to number them according to the grid system. Names used are those either of the sub-division, neighborhood unit or school names in the area.

- (i) Hardisty Drive:- The main scenic drive along the high ground above the ravine in the north-westerly

portion of the area.

(ii) Capilano Crescent: The residential development at the extreme north end which is more or less isolated.

(iii) Capilano Street: - The angle road through the neighborhood unit of Capilano, from 106 Avenue and 50 Street to 109 Avenue and 65 Street and bounding proposed Capilano Elementary School Area.

(iv) Gabriel School Road: - The angle road running parallel to the above described Capilano Street from 106 Avenue and 52 Street to 63 Street and 107A Avenue approximately, and bounding the proposed Separate School area. This proposed naming was submitted by the Separate School Board.

(v) Fulton Drive: - The scenic drive along the high ground above the ravine where Fulton Creek is located, in the south westerly portion of the area.

(vi) Fulton Road: - The angle road through the neighborhood unit of Fulton Place from 63 Street and 102 Avenue to 50 Street and 104A Avenue, bounding the proposed Fulton Elementary School area as proposed by the Public School Board.

Area
No. 4 All that parkland area at 76 Avenue and 112 Street.

(a) Park Name - "McKernan Park": - "McKernan Park" is being recommended because the park is located in the McKernan Community League area. This naming honors a pioneer citizen of Edmonton.

Respectively submitted,

Alderman J. F. Falconer,
Chairman.

Secretary.
