In connection with the requirement to disclose all “known projects in excess of \$500 million in capital value that the Affiliates will be involved in over the next seven (7) years”, could the City clarify the degree and extent of the involvement each Team Member is required to disclose. Are those projects limited to projects which are currently at the RFQ, RFP or preferred proponent stage, and/or which are procured using a P3 or AFP mode?

### Response # 16:

Respondents are asked to consider Addendum #3, item 3.2 for additional clarity with regards to the submission requirements of Appendix B, Section B 8. For the avoidance of doubt, the delivery format of the projects in question is not applicable for the purposes of reporting those projects. The requirement extends to providing a description of the Team Member’s involvement in current active projects or future anticipated involvement in known projects.
