

Construction Notice – Site set-up begins at new Chinatown Gate location

Starting **on/around Monday, March 9**, construction crews will begin site set-up at the location of the new Chinatown Gate (97 Street between Jasper Avenue and 101A Avenue).

Temporary lane closures will occur on 97 Street while site trailers and construction fencing materials are delivered.

Traffic impacts:

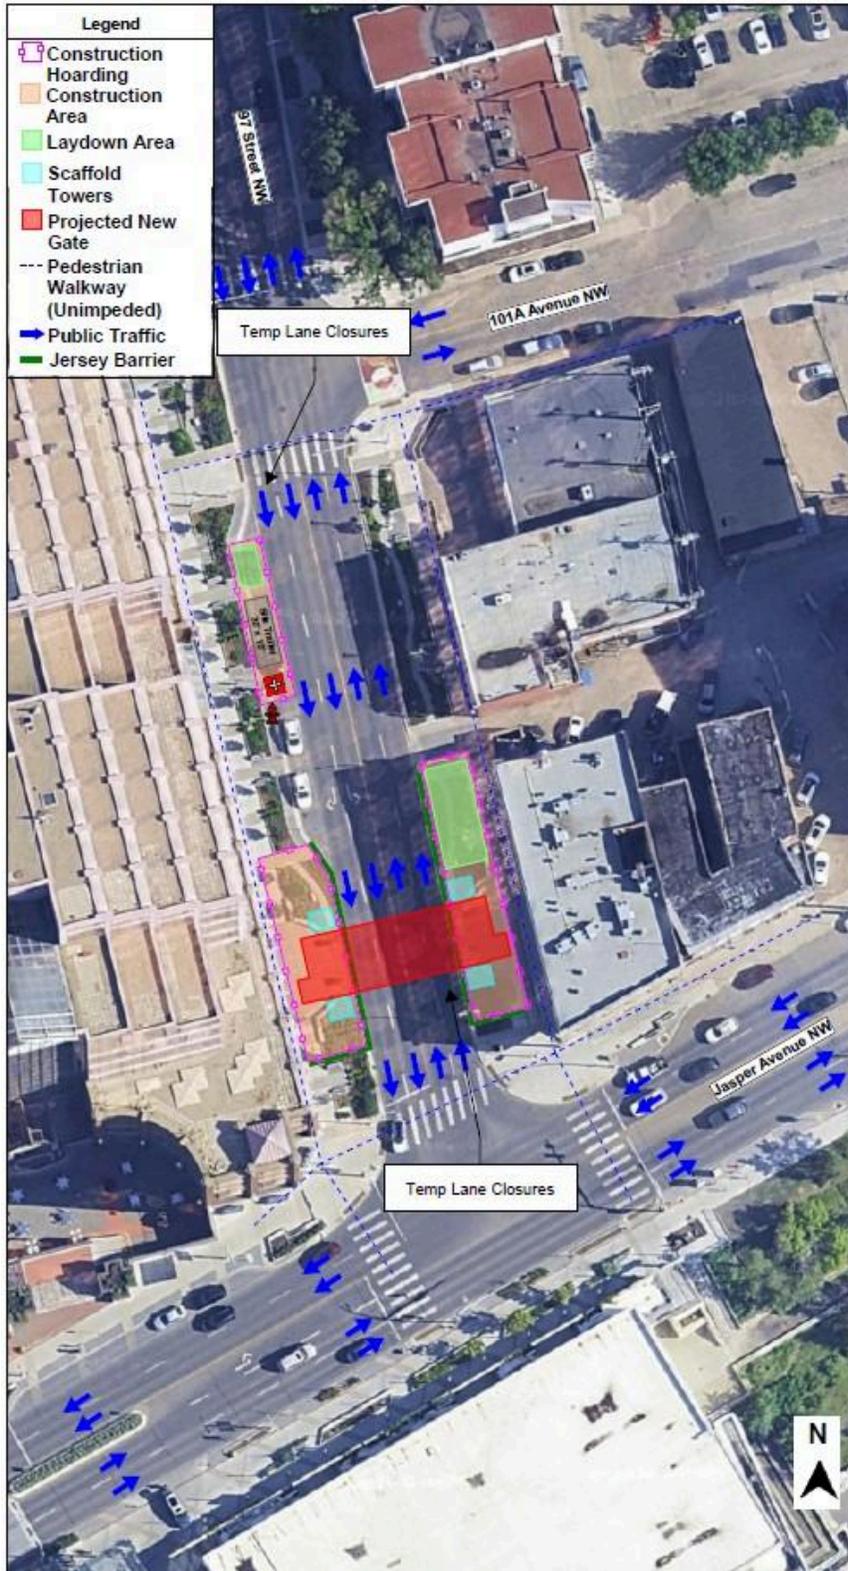

- One northbound lane on 97 Street will be partially closed while construction fencing materials are delivered.
- One southbound lane on 97 Street may be closed while site trailers are put in place.
- The lane closures are **temporary** and are anticipated to last **one to two days** each.
- Construction crews will use three parking stalls on the west side of 97 Street for the duration of construction, which is anticipated to be completed in 2027.

Pedestrian impacts:

- Sidewalk access will remain open on both sides of 97 Street during site set-up and throughout construction.

Construction will primarily occur on weekdays during daytime hours. There is the potential for nighttime work with this project. Should nighttime work be necessary, the Construction Manager will obtain a permit so that work can take place during nighttime hours. *City of Edmonton Bylaw C14600.

Map: 97 Street between Jasper Avenue and 101A Avenue (Okisikow Way NW)

A **temporary full closure** of a portion of 97 Street near the construction site is expected later this Spring/Summer to erect the steel structure of the gate. The exact dates of the 97 Street closure are still being confirmed. More information will be released when it is available.

Project overview:

- The City of Edmonton is building a new gate in the downtown core, where the original Edmonton Chinatown began.
- The new gate will replace the original version that was located on 102 Avenue.
- The original gate was dismantled and put into storage in 2017 to accommodate the construction of the Valley Line Southeast LRT.
- The City of Edmonton has worked with the City of Harbin and Edmonton's Chinese community on the design of the new gate.
- Construction of the new gate is anticipated to be completed in 2027.
